Message from the Colonel Commandant

Gunners everywhere,

This truly is a great time to be a Gunner. Our place on the “Right of the Line” is widely understood and embraced. We have stepped up to the operational demands of force generation, force protection and force projection – putting rounds where they need to be in support of the all arms and services team on the battlefield. We are a significant force enabler and force multiplier – be it acquiring targets, engaging targets, coordinating fires or collecting and collating tactical information. Because of our stellar performance on operations we have received innumerable accolades – the most important of which come from soldiers on the ground, both Canadian and Allied. The infantry ciphers on our guns clearly demonstrate the trust, respect and gratitude that we have earned.

The men and women in the Artillery, Regular Force and Reserve, are outstanding. Not only those on operations, but those who train, support and equip them. And behind every Gunner you’ll find a family and a network of friends and supporters. The vast Gunner network reaches into every headquarters, unit and town in Canada – and I cannot thank them enough for the support to our troops. We serve as one family, that has a tremendous outreach and reach-back – and let’s use this network to build on the current momentum.

I have noted that our keys to success have been being soldiers first and foremost, as well as being professional Gunners; and looking after our people. I will not belabour the former – we are skilled professionals (world class) in our business and it is obvious to me that we are superb soldiers – fit, tactically astute,

Mot du Colonel Commandant

Les artilleurs sont partout

C’est un temps exceptionnel pour être artilleur. Notre place en ordre de préséance est bien comprise et appréciée. Nous avons répondu aux demandes opérationnelles de mise sur pied, de protection et de projection de la force – visant là où c’est nécessaire pour assurer le soutien de toutes les équipes d’armes et de services sur le champ de bataille. Nous sommes une force significative multiplicatrice de force – qu’il s’agisse d’acquisition ou d’engagement d’objectifs, de coordination des tirs ou de collecte et de rassemblement de renseignements tactiques. À cause de notre performance fulgurante lors des opérations, nous avons reçu d’innombrables accolades – la plus importante provenant des troupes au sol, tant canadiennes qu’alliées. La façon dont l’infanterie regarde nos obusiers démontre clairement la confiance, le respect et la gratitude que nous avons mérités.

Les hommes et les femmes de l’Artillerie, de la Force régulière comme de la Réserve, sont exceptionnels. Non seulement ceux en opération, mais aussi ceux qui les entraînent, les soutiennent et les équipent. Derrière chaque artilleur, il y a sa famille et tout un réseau d’amis et de supporters. Le vaste réseau des artilleurs est présent dans tous les quartiers généraux, toutes les unités et les villes du Canada – et les mots me manquent pour les remercier assez pour tout le soutien témoigné envers nos troupes. Nous servons comme une famille, avec un immense rayonnement et recevant beaucoup de la collectivité – c’est pourquoi il faut utiliser ce réseau pour développer encore plus l’élan actuel.

J’ai remarqué qu’au cœur même de notre succès se trouvaient

capable of multi-tasking and fully attuned to all operational matters. The second point, looking after our people, has never been so important as it is today. It is evident that our success is the direct result of the determination, dedication, intellect and self-sacrifice of our Regimental family members, several of whom we have lost on operations. There are also several wounded, and many carrying wounds that are not readily visible. I know that Senator/General Dallaire is constantly reminding all Canadians to care for the wounded, and their families. We all have a role to play supporting the Regimental family, so please do what you can. To me, looking after our people includes ensuring a high standard of professionalism, discipline, ethical conduct and battle worthiness – set the bar high.

I ask that all Gunners actively support our efforts in the RCA Heritage Foundation. The Heritage Foundation sets out to get the Gunner message out. I personally believe that our Heritage outreach efforts contribute directly towards our operational capacity. I believe that morale, esprit-de-corps, cohesion, teamwork and networking are force enablers and force multipliers. Knowing from where we come, what we are all about, and where we are going will all help us build on our successes and keep the current momentum going. To this end, please participate in our Heritage efforts, and encourage others to do so. My personal thanks to Major General (Ret'd) John Arch MacInnis and Lieutenant General (Ret'd) Mike Jeffery, and all the Heritage team for bringing the Foundation to its current level, and for their initiatives to keep up the momentum.

On behalf of all Gunners, thanks to General MacInnis who served as Colonel Commandant for six years, and did a superb job. Thanks John Arch. And, lastly, I am proud to be your Colonel Commandant. I will do my best to serve the interests of the Royal Regiment and our Regimental family.

Good Shooting. Ubique

les soldats avant tout, mais également le fait d'être des artilleurs professionnels et que l'on prenne soin de nos gens. Je ne m'attarderai pas sur le premier point – nous sommes des professionnels reconnus (au niveau mondial) dans notre domaine, et il est évident à mes yeux que nous sommes de superbes soldats – en forme, fins tacticiens, polyvalents et totalement en accord avec les questions opérationnelles. Le second point, prendre soin de nos gens, n'a jamais été aussi important que maintenant. Il est évident que notre succès est le résultat direct de la détermination, du dévouement, de l'intelligence et du sens du sacrifice des membres de notre famille régimentaire, dont plusieurs ont malheureusement perdu la vie en opération. Nous avons eu également plusieurs blessés, et beaucoup d'autres encore portent des blessures qui ne sont pas encore visibles. Je sais que le sénateur et général Dallaire rappelle constamment à tous les Canadiens de prendre soin des blessés de leur famille. Nous avons tous un rôle à jouer dans le soutien de la famille régimentaire, alors faites ce que vous pouvez. Pour moi, prendre soin des nôtres est synonyme de haut niveau de professionnalisme, de discipline, de conduite éthique et de valeur au combat – mettez la barre haute.

Je demande à tous les artilleurs de soutenir de façon active nos efforts au sein de la fondation du patrimoine de l'ARC. La fondation du patrimoine a pour but de faire passer le message des artilleurs. Je crois personnellement que nos efforts de sensibilisation à l'égard de notre patrimoine contribuent directement à améliorer notre capacité opérationnelle. Je pense que le moral, l'esprit-de-corps, la cohésion, le travail d'équipe et le réseautage sont des développeurs et des multiplicateurs de forces. Sachant d'où nous venons, qui nous sommes et vers quoi nous nous dirigeons nous aidera à bâtir sur nos succès et nous permettra de maintenir l'élan actuel. À cette fin, participez aux efforts de notre fondation et encouragez vos pairs à faire de même. Je tiens à remercier personnellement le Major-général (à la retraite) John Arch MacInnis et le Lieutenant-général (à la retraite) Mike Jeffery, de même que toute l'équipe du patrimoine pour avoir mené la fondation à son niveau actuel et pour leur initiative à maintenir le rythme.

Au nom de tous les artilleurs, merci au Général MacInnis qui a servi en tant que colonel commandant pendant six ans et a effectué de l'excellent travail. Merci également à John Arch. Et enfin, sachez que je suis fier d'être votre colonel commandant. Je ferai de mon mieux pour servir les intérêts du Régiment de l'Artillerie royale et de notre famille régimentaire.

Visez juste! Ubique

Message from the Director of Artillery

Fellow Gunners

Gunners are not only relevant but are key players in the combat arms team; Gunners are and should be proud of their heritage, and of their current and future contributions to fighting wars and keeping the peace; Gunners play a key advisory role throughout the chain of command; and last but not least Gunners are the masters of their destiny, therefore we are to speak on Gunner issues, act on Gunner issues and we are NOT to accept second chair to anyone. We must first and foremost educate ourselves and then those supported arms commanders at all levels of command, without getting into our traditional "black box mode" that we have been accused of in the past. Guns, and FOO / FAC, and Missiles appear to be well understood but the rest of the Artillery capabilities, new and key enablers on the battlefields of today and tomorrow, are not. In short Gunners must be the SME of their domain and we must sustain this never-ending educational process. We have regained our rightful place at The Right of Line and our goal is to ensure we never give cause for second thought. I am relying on all of you to do just that.

The Gunner successes achieved over the past year, overseas and at home, are attributable to the outstanding leadership and professionalism of each and everyone of you. Retired or Serving, Regular or Reservists, you all have made personal sacrifices and you have made a difference in countries far beyond the shores of our borders. You have all performed superbly and came through in spades but there was a price to pay. Yes some have made the ultimate sacrifice in protecting their fellow countrymen and those less fortunate than ourselves.

Mot du Directeur de L'Artillerie

Chers artilleurs,

La présence des artilleurs est non seulement pertinente, mais également essentielle dans l'équipe des armes de combat. Les artilleurs sont et doivent être fiers de leur patrimoine, ainsi que de leurs contributions actuelles et futures tant en temps de guerre que dans les opérations de maintien de la paix. Les artilleurs jouent un rôle de conseiller clé dans la chaîne de commandement. Et enfin, et ce point est non le moindre, les artilleurs sont les maîtres de leur destinée. Par conséquent, nous devons parler des questions qui touchent les artilleurs, prendre les mesures qui s'imposent en tant qu'artilleurs, et nous n'accepterons JAMAIS d'être relégués à l'arrière banc. Nous devons d'abord et avant tout nous instruire, puis ceux qui soutiennent les commandants d'armes à tous les niveaux de commandement, sans retourner dans notre mode « boîte noire » traditionnel comme nous avons été accusés de le faire dans le passé. Les obusiers, les OOA/CAA et les missiles semblent être bien compris. Mais le reste des capacités de l'artillerie, tant nouvelles que comme outils clé sur le champ de bataille d'aujourd'hui et de demain ne le sont pas. Bref, les artilleurs doivent être les experts en la matière dans leur domaine et nous devons soutenir ce processus d'éducation permanent. Nous avons repris notre place légitime dans l'ordre de préséance et nous devons nous assurer que nous ne laisserons jamais cette place prise par quelqu'un qui pensera pour nous. Je fais confiance à tout le monde ici pour cela.

Les succès enregistrés par les artilleurs cette année, tant outre-mer qu'au pays, sont attribuables au leadership et au

Families with deep sad hearts and anxiety watched loved ones leave the comfort of their home, not once but twice or more, to support our war effort in Afghanistan; to support those who were on the road to high readiness in Wainwright or other training bases far from home; or to attend and support operational and career courses for weeks if not months on end. To all, well done, and to the families thank you for your support. God bless you all.

Taking care of our soldiers and families has, is and will be our focus for The Royal Regiment of Canadian Artillery. We have exceptional men and women wearing the gunner hat badge. We have families that support those who wear our hat badge. Like any member of a family, we must give our undivided attention when problems come to the surface and need to be addressed. The CF Care of Injured Program is an all-encompassing program that will ensure our soldiers and families get the best care and support possible. Challenges exist in meeting those goals set out by CDS and CLS, but The Regimental family and our Association can go a long way to mitigate problems and bring issues to light in order to forge a spirit of compassion and care that will serve us well in the future. This is a no fail mission so get engaged and do what is right.

As your Director, it has been an honour and pleasure to serve with you. To all good luck and good shooting.

Ubique

professionnalisme exceptionnels de chacun d'entre vous. Retraités ou en service, membres de la Force régulière ou de la Réserve, vous avez tous consentis à des sacrifices personnels et vous avez fait la différence dans des pays situés bien au-delà de nos frontières. Vous avez tous servis de façon superbe et exceptionnelle, mais il y a eu un prix à payer. Oui, certains ont dû faire le sacrifice ultime pour protéger nos compatriotes et ceux qui sont moins chanceux que nous.

Des familles au cœur brisé et anxieuses voient leur être cher quitter le confort du foyer, non pas une fois mais deux fois ou plus encore, pour soutenir notre effort de guerre en Afghanistan; pour soutenir ceux qui sont sur en voie d'acquérir le statut de haute disponibilité opérationnelle à Wainwright et aux autres bases d'instruction loin du foyer; ou encore pour suivre ou enseigner des cours professionnels et opérationnels pendant des semaines sinon des mois. À tous, beau travail, et aux familles merci de votre appui. Que Dieu vous protège tous.

Prendre soin de nos soldats et de nos familles a toujours été au cœur du Régiment royal de l'Artillerie canadienne et cela continuera de l'être. Les hommes et les femmes qui portent l'insigne de l'artillerie à leur béret sont exceptionnels. Nos familles soutiennent ceux qui portent cet insigne au béret. Comme tous membres d'une famille, nous devons accorder toute notre attention lorsque des problèmes apparaissent et doivent être réglés. Le programme universel de prestation de soins aux blessés des Forces canadiennes veille à ce que nos soldats et leurs familles reçoivent les meilleurs soins et soutien possibles. C'est certes un défi pour atteindre ces objectifs qui sont exigés par le CEMD et le CEMAT, mais la famille régimentaire et notre association peuvent faire beaucoup pour mitiger les problèmes et bien les présenter de façon à forger un esprit de compassion et de soins qui nous servira bien dans l'avenir. C'est là une mission à laquelle nous ne pouvons faillir, alors mettez vous y à fond et faites ce que doit.

En tant que directeur, c'est un honneur et un plaisir de servir avec vous. À tous, bonne chance et visez juste !

Ubique

1st Regiment Royal Canadian Horse Artillery

A Battery

Domestic operations and training have kept A Battery very busy in 2007. From activities in British Columbia, Florida, Saskatchewan, Alberta and right here in Shilo, A Battery has been at full tilt.

For domestic operations, 2007 has been a noteworthy year. A Battery provided two troops for Avalanche Control, the first between 19 Feb and 26 April and the second between 14 November 2007 and 16 January 2008. Between the two troops over six hundred rounds were fired in support of Parks Canada keeping Roger's Pass open for traffic. Further, between April and June A Battery was placed on alert to fight flooding in BC. A Battery did not deploy, but were on 24 hours notice to do so if need be.

The Battery supported training for task force 01-08, about to deploy to Afghanistan. From firing anti-tank rockets, to firing in support of HALO training, to supporting EX MAPLE GUARDIAN in Wainwright, the Battery has played an integral role in ensuring that deploying forces receive top-notch training.

Elements from A Battery deployed to Florida in November to participate in multinational training. Providing fire support to live and dry forward air controller training. They were complimented on their professionalism and technical acumen by our allies.

However, it was not all work. Throughout the year we had several golf and family days to reward good work and help bring the Battery family together in an informal setting. All were well received and were much needed breaks.

Many troops from A Battery are now moving to C Battery to augment them as they begin the work-up training for their own deployment on task force 03-09. As well the Battery Commander, Major James Allen, will be deploying to Afghanistan with the Kandahar Reconstruction Team where he will be coordinating relief and reconstruction efforts in our area of responsibility.

In all 2007 has been an interesting year for A Battery and

2008 looks the same. Many changes are in store for the Battery, but what won't change is the professional, dedication and fighting spirit of A Battery soldiers.

B Battery

It has been a busy year for B Bty which all began in January 07, when the initial planning for TF 1-08 began to take shape. This included many new elements for the Regiment, which included Lightweight Counter-Mortar Radar, Hostile Artillery Locating Operators and Mini Unmanned Air Vehicles. The new systems saw the addition of an entirely new Troop within the Battery. This also meant new courses and training opportunities on systems that were accessible only to B Bty.

By April, the Battery was in full force on their way to beginning Individual Battle Task Standard Training. This began at CFB Dundurn, with the rigorous task of getting as much of the individual training completed as possible. This was an excellent

opportunity for those new to the Battery to begin working with their new teams. Overall, Exercise IRON SIGHT was a success and it was an excellent beginning to a long and demanding training cycle.

The Battery continued with their pre-deployment training within the area of CFB Shilo, with the exceptions of the Forward Air Controllers, who were deployed within the United States to complete their training with the American Air

Force. The Battery now had to work on the Troop deployment and tactic skills. The continued training in Shilo allowed the standard to be set and gave everyone the confidence they needed to carry on with more difficult training. With the completion of Exercises PRECISION STRIKE I and II, the Battery was fully equipped with M777s and Surveillance Target Acquisition gear and, despite having to overcome equipment shortages and manning changes, they were ready to join the Battle Group for even more training at CFB Wainwright.

With the onset of summer leave, all members of B Bty were able to spend much needed time with their families and

B Bty wins the Kingston Cup.

friends to begin the gruelling two month Exercise DESERT RAM and MAPLE GUARDIAN. With this final stage in the TF 1-08 training, the element of B Bty were able to effectively train within the Battle Group and gave everyone a chance to see what life would be like in Afghanistan. The Brigade Commander was impressed with the work done by all elements of the Battle Group and deemed that they were, in fact, ready to deploy.

After returning to Shilo, B Bty took Christmas leave, which for many would be the last chance to see their families. Everyone returned refreshed and eager to deploy. The Battle Group continued with finalization training which included cultural

D Troop defends the Gun Line.

awareness briefings. This included the social, economic and political situation of Afghanistan and the complexity of the culture. These briefings gave insight into the life of the people of Afghanistan and shed new light on the true meaning of the mission.

With deployment drawing near, B Bty was honoured to have many of their members' accomplishments recognized by both CLS and CDS Commendations. MBdr JMJ Vandamme, Bdr JAC Grajewski, Bdr NW Osadchuk, MBdr KL Stocker and Bdr PY Gregoire were given Commendations for their efforts in the community and in assisting others when in need. Also, there were three well deserved promotions for Sgt GE Higgins, Sgt JRES Perreault and Sgt CR Herbert. All three will be in command positions within the TF 1-08 manning.

B Bty continued to put the finishing touches on the pre-deployment training with and Ambush Range and the final issue of arid kit. With all the training completed and everyone ready to get on the plane, Troops began taking their final days of leave to be with their loved ones before deployment. This proved to be both an emotional and exciting time for B Bty. All ranks of B Bty are anticipating an exhilarating and challenging tour and looking forward to returning home.

C Battery

As has likely been the case for all batteries across the Royal Regiment, 2007-2008 has been a busy year for C Battery. In keeping with our recent past, we deployed two FOO/FAC parties with D Battery on their Afghan tour. C Battery has now deployed members on all five Afghanistan tours since Canada's operational move to Kandahar – but that came with a significant price on 4 July 2007 when Capt Jefferson Francis, who had deployed with his FOO/FAC party to support 2 RCHA and the 2 RCR battle group on TF 1-07, was killed by a roadside bomb

along with an Afghan interpreter and five soldiers serving with 3 PPCLI. Jeff leaves his partner, Sylvie Secours and their son Ry.

The Battery held a change of command on 2 April 2007 that saw Maj Chris Comeau hand over command to Maj Todd Scharlach. The BSM's pace stick was presented to WO (now MWO) Carl Roehl from MWO Dave Poss. WO Todd Buchanan was promoted to his current rank as of 17 October 2007.

On 2 April, F Tp became part of B Battery for TF 1-08. Supporting F Troop and the remainder of B Battery workup training kept C Battery busy until early November when we kicked off our first "Regimental School" cycle getting us ready for TF 3-09. In Early December, a small group of C Battery soldiers attending ExMENTONDAYS in Fort Lewis, Washington, USA where we received our US Jump Wings. Immediately upon return from Fort Lewis, the battery defeated HQ Battery in the annual hockey competition for the Hugsweir Cup.

All in all, it has been a successful year for the sub-unit better named "C Detachment" at one point - with less than 10 mbrs during Spring 2007 - now numbering over 100 all ranks since the merger with A Battery in January 2008, aiming towards stand-up for TF 3-09 later this year.

Headquarters & Services Battery

2007 was an exciting year for Headquarters & Services Battery with opportunities for various training and several changes in the command structure. The past year witnessed the change of command between LCol P.J. Williams and LCol T.J. Bishop. It was also the opportunity to welcome Maj D.B. Jones as 2IC and MWO D.L. Poss as BSM. The Battery was also pleased to see the promotion of Capt R. Moon, Capt M.J. Draho and Capt S.K. Fortin to the rank of Major.

On the training side, many soldiers from various trades were detached to reinforce Task Force 1-08 that will deploy in Afghanistan in early 2008. The TF training in Wainwright offered a great opportunity to practice convoy movement between Shilo and Wainwright for the exercise DESERT RAM. Some soldiers also had the opportunity to work as OPFOR during the exercise MAPLE GUARDIAN and develop their understanding of the Afghan culture. Our soldiers also used the WES (Weapons Effects Simulation) system that enhanced the interest of the training and the understanding of the threat they were facing. Of course, the Battery conducted several individual courses like HLWV, MLWV and the T-LAV drivers.

Memorial for Captain Francis

2nd Regiment

Royal Canadian Horse Artillery

2007 was yet another operationally challenging and rewarding year for the Second Regiment. It was also a year not without loss. Attached posted from 1 RCHA, Captain Jeff Francis paid the ultimate sacrifice as a contribution to the war in Afghanistan. Indeed, at some point last year, every member of the Regiment was deployed to Afghanistan, was training to deploy to Afghanistan, or was engaged in supporting those deployed. The major highlights of 2007 include the consecutive deployment and reintegration of both E and D Batteries and, for the latter half of 2007, the stand-up and preparation of F Battery for deployment to Afghanistan with the 3 RCR Battle Group in fall 2008. Throughout this operationally challenging period, HQ Battery successfully supported all efforts while simultaneously force generating and deploying a significant number of specialists for service in Afghanistan. Last, but not least, the Regiment retained responsibility for the Disaster Assistance Response Team (DART) mission.

D Battery

In early February the members of D Battery boarded flights for their seven-month tour of duty in Afghanistan. As quickly as they could conduct a handover with E Battery they were dispersed across the southern end of the country, and tasked with providing fire support to the 2 RCR Battle group in fifty-two combat operations; twenty-three of which saw the guns fire in anger. In order to maximize the number of guns available for support at any given time, the Battery operated at the troop level for the majority of the tour. There are numerous challenges inherent to this type of deployment, and conditions were extremely austere. These deployments often extended past thirty days, particularly if our highly sought-after guns were deployed in support of British and American operations. This was often the case, as the long range abilities and accurate fire offered by the M777s were the envy of coalition forces. Equipment-wise this tour also boasted the new lightweight counter-mortar radar and artillery sound

D Battery firing in Afghanistan.

ranging systems, and once again Canada was at the forefront of new and innovative technologies in the operational environment. By August the guns had made a significant contribution to the Canadian effort in Afghanistan, firing over 2300 rounds, and dropping more than 100 aircraft bombs in support of the battle group and coalition partners.

Back in Canada the gunners were dismissed to a period of well-deserved leave, following which they became the next generation of serving veterans of Afghanistan. Their next task was to disseminate the lessons-learned from TF 1-07 to the members of F Battery, who had already begun their own work-up training. In addition to these mentoring tasks, the Battery also provided support to the Instructor in Gunnery course, Theatre Mission Specific Training (TMST), and spent a memorable weekend in Toronto interacting with the Canadian public and providing an Honour Guard for the Grey Cup.

E Battery

E Battery also contributed significantly to the mission overseas this year. They rang in the New Year in the Zhari-Panjwayi district as members of the 1 RCR Battle Group, having deployed to Afghanistan in August 2006. Their most gruelling battle was the extremely well-documented Op MEDUSA, the first overseas operation where guns were employed in a near conventional role since Korea. Members of E Battery fired approximately 2000 rounds of 155mm during this operation, and their tireless FOO parties controlled over 300 close air support and attack helicopter sorties. Exhausted but proud, the gunners were content to pass the torch to their 2 RCHA brethren in February.

Although it can be anti-climactic returning to the unit, many members of E Battery were given a new focus. They were to enter the individual training system and earn qualifications that would allow them to redeploy with F Battery in August 2008. Leading the way in artillery transformation, E Battery also took the lead in surveillance and target acquisition (STA), setting the parameters for the introduction of an STA battery within the Second Regiment. One final critical task was assigned to E Battery; that of forming and manning the core of the Disaster Assistance Response Team (DART), should Canada be summoned to the aid of a country in distress.

F Battery

Tasked with managing what remained of the Second Regiment earlier in the year, F Battery soon moved into the role of preparing for its own deployment in the Fall of 2008. The intensive preparatory training for deployment with the 3 RCR Battle Group began over a year prior with individual and theatre mission specific training (TMST), as well as collective training up to level 4. These exercises were conducted to ensure that at the stand up of the 3 RCR Battle Group in January 2008, F Battery is fully prepared to fulfill their roles of fire support as well as surveillance and target acquisition for the upcoming Battle Group level training, and for their eventual deployment to Afghanistan. The Battery's training has been rigorous, revolving around a complex and in-depth scenario based on real tactical situations appropriate to the Afghan theatre. The main objectives of the training were to survive, move, and fight in an unconventional environment.

By deploying in unconventional gun positions, such as the Laurentian Township, the soldiers of F Battery were introduced to the concept of cooperating with the local population. While the land they chose belonged to a local OPP officer who graciously offered

his property up for training, there are similarities to deploying in Afghanistan. Damaging civilian property overseas can easily lose you the support of local nationals, and hinder your operations. F Battery's training then transitioned into live scenarios where the gun troops dealt with a persistent and harassing enemy force. The enemy infiltrated the gun positions, set up improvised explosive devices (IEDs), and launched numerous ambushes. Each Troop also spent a day at a live-fire force protection stand where mortars, small arms, and even the 105mm C3 Howitzers were incorporated into the scheme of manoeuvre. The training was extremely successful at the soldier level, but it also challenged the leadership with more advanced live fire applications including Danger Close missions, dismounted mortar raids, and fire plans. All gunners rose to the occasion, and the Regiment looks forward to assisting them in their future training endeavours and in their eventual deployment.

Headquarters and Services Battery

Often working behind the scenes, Headquarters Battery once again rose to the occasion. No different from the other batteries, specialists from Headquarters Battery found themselves deployed, or training to deploy, for the mission in Afghanistan; some going out the door with the Batteries, while others were attached to the NSE and the FSG. Challenged with providing augmentation and support across the Regiment, the Battery worked tirelessly to ensure equipment, technical support and supplies were provided, both at home and abroad, resulting in effective execution of tasks assigned to the Regiment. Continuously balancing individual training requirements, maintenance of vehicles, and logistical support in an extremely high Op-tempo environment, exemplifies the high level of professionalism, dedication and work ethic found within the battery. Ending the year on a high note, the Battery played a pivotal role in preparing vehicles and equipment, and subsequently mounting them on trains in support of a Brigade controlled confirmation exercise in Texas in the New Year.

Reservists

The commitment, dedication and support provided by the reserves over the past year were second to none. The introduction of a third gun troop, and additional STA equipment in theatre, combined with force generating two back to back rotations, not to mention, generating the foundation for the battery deploying in 2008, has brought with it a heavy burden in terms of manpower shortages. Fortunately the reserves have once again proved to be a valuable resource. There is no doubt that reserves were fundamental in the success of the Regiment this year. This year alone saw 130 reserve gunners already deploy to Afghanistan, while an additional 45 are well engaged in high readiness training, and will deploy in 2008.

Conclusion

This year at the Second Regiment saw elements of the Regiment in all facets of the Managed Readiness cycle: One Battery returning from theatre and reintegrating back into the unit; one battery deployed for seven months of the year; and one battery that commenced individual and collective training in preparation for deployment to Afghanistan in August 2008. None of this would have been possible without the support we received from Reserve Force units, the Field Artillery School, and our sister Regular Force Regiments, but the greatest appreciation that we feel is towards the families and the support systems of the soldiers themselves. There is no doubt that the years ahead will hold the same challenges as this past year, but the Second Regiment, Royal Canadian Horse Artillery looks forward with determination and focus.

5^e Régiment d'artillerie légère du Canada

Le 5 RALC a connu une année mouvementée, marquée par la préparation et le déploiement de plus de la moitié de ses effectifs vers Kandahar à l'été dernier. Par leur dévouement et ardeur au combat, cette batterie composite de 189 personnes, le personnel du Régiment au sein de l'escadrille TUAV, du quartier-général de la Force opérationnelle interarmées-Afghanistan (FOI-A) et les autres entités contribuent à bâtir un avenir meilleur pour des milliers d'Afghans et par leurs actions, protègent fièrement les Canadiens. Leurs faits d'arme et actes exemplaires face à l'ennemi vont glorifier l'héritage de notre régiment à tout jamais.

Le Régiment a malheureusement été affligé par de tristes nouvelles. Le 20 juillet, nous apprenions que l'adjum (ret) J.G. Deveau, quatrième SMB de la Bie Q en 1979-80 était décédé d'un arrêt cardiaque. Le Régiment est aussi attristé par le décès du Cplc Christian Duchesne de la 5^e Ambulance de Campagne, décédé en Afghanistan. Il avait débuté sa carrière au 5^e RALC durant les années 90 et plusieurs se rappellent le passage de « Conan » dans nos rangs. Le bdr Roberge, ancien du Régiment affecté à l'ELRFC nous a aussi quittés en septembre et plusieurs se sont déplacés à St-Jean sur Richelieu pour participer aux funérailles. Enfin, l'adjum Daniel Mercier du 6^e RAC, ancien adjudant au Régiment est décédé le 23 novembre du cancer à l'Hôtel-Dieu de Québec. Nous nous souviendrons d'eux.

La première moitié de l'année a été celle de la batterie X et la composante TUAV qui étaient en pleine montée en puissance. Renforcée de plusieurs réservistes provenant des régiments d'artillerie du SQFT, cette batterie s'est déployée sur multiples exercices afin d'atteindre un niveau de compétence élevé en

vue de son déploiement en Afghanistan. Depuis le mois d'août, la batterie R se donne corps et âme à l'école régimentaire conjointement à la batterie C&S qui fait des miracles pour appuyer la batterie R dans ses exercices. Voici donc un résumé des événements vécus par le 5 RALC durant l'année 2007.

Le Régiment a débuté la saison du bon pied avec des cours de conversion VBLC et chauffeur. Le Régiment a participé à l'EX PIÈCE GELÉE durant la mi-janvier à Valcartier afin de se préparer pour l'entraînement interarmes qui allait suivre. Ce mois a d'ailleurs été le tremplin de la FO 3-07 qui s'est rendue à Fort Bliss, Texas afin de s'y entraîner dans le cadre de l'EX RÉFLEXE RAPIDE, un exercice interarmes de niveaux 5-6 (équipes de combat et groupement tactique). Cet entraînement rigoureux a motivé les troupes mais a été épuisant; une semaine de relâche a donc été de mise afin que les membres puissent passer du temps avec leurs familles. La fin mars a été marquée par le changement de commandement du 5^e Groupe-brigade mécanisé du Canada entre le Col Guy Laroche et le Col Éric Tremblay, 18^e commandant de notre régiment. Cette passation a eu lieu le 30 mars et fut une grande fierté pour notre Régiment.

Une conversion au canon M777 a eu lieu en avril, ce qui a non seulement qualifié les troupes sur ce système mais a également contribué à hausser le moral des artilleurs. Le fait d'avoir ce nouveau système d'arme numérisé et très performant au sein de notre Régiment est a eu un effet positif multiplicateur sur la perception de la pertinence des artilleurs sur le champ de bataille. Alors que quelques membres du Régiment ont pu participer à l'exercice ATLANTIC STRIKE en Floride, les troupes de la FO 3-07 (roto 4) se sont déployées pour près de cinq semaines au CCEM Wainwright sur l'exercice MAPLE GUARDIAN, un exercice de haute intensité force contre force. Cet exercice mémorable a permis de confirmer les compétences acquises en vue des opérations de combat en Afghanistan.

Le Lcol Grant Dame, désigné chef d'état-major de la FOI-A, a remis le commandement du 5^e RALC au Lcol Dany Fortin le 12 juin. C'est aussi lors de cette passation que nous avons procédé au changement de SMR alors que l'adjuc Jean Boivin, affecté à l'équipe provinciale de reconstruction à Kandahar a été remplacé par l'Adjuc Alain Grenier. Après un congé mérité, le QG FOI-A s'est déployé en juillet et dès le 15 août, nos troupes se sont envolées vers Kandahar. En tout, 213 membres du Régiment sont déployés sur la roto 4. Vous comprendrez que c'est donc avec un enthousiasme non dissimulé que nous avons accueilli 14 nouveaux

Changement de Command.

artilleurs qualifié du PP1 au mois d'août. Ils ont eu la chance d'être rapidement qualifié sur la pièce LG 1 et certains ont même eu la chance d'être qualifié en septembre à Wainwright sur le M777 grâce à l'appui incondicional du 1 RCHA. Ceux-ci ont donc été placés sur la réserve opérationnelle de la roto 4.

La journée historique du 22 août 07 restera gravée dans l'histoire de notre jeune régiment alors que les membres de la troupe B de la batterie X tiraient un premier obus au combat. En novembre, une portée record a été atteinte alors qu'un projectile à portée rallongée RAP (« Rocket assisted ») a touché un objectif à 33 960 mètres dans la vallée de Baluchi en Uruzgan, en appui aux forces hollandaises. Un vent arrière et une correction météo de « diminuer 5000 mètres » a permis au système de calcul de calculer les données qui dépassaient de loin la portée maximale attendue de la pièce. Tiré en tir vertical, le vertex de la trajectoire a atteint 61 000 pieds AGL. La nouvelle sonde RS-92 performe avec brio.

L'automne fut le point de départ pour la formation individuelle du personnel identifié sur la FO 1-09 qui sera placée en haute disponibilité au printemps 2009. Cette école régimentaire incluait les cours de chef adjoint de pièce, de chauffeur roue, de mortiers et de technicien de poste de commandement et de reconnaissance et d'autres cours se poursuivront dès janvier 2008.

Le Régiment a mis en place un programme de conditionnement physique solide qui met en valeur les habilités de combattant. Comme à chaque année, 110 coureurs ont pu participer à la traditionnelle course Whalen de 5 km le 7 septembre, en l'honneur du sgt (ret) Éric Whalen, un petit groupe en raison du déploiement. Le Cpl Jean-François Paulin du QMR a parcouru la distance avec un temps de 17 minutes 03 secondes. Le Régiment a aussi participé au parcours du CCmdt 5^e GBMC et c'est avec enthousiasme que nous participerons au prochain défi. Lors de cette épreuve, la Capt Roseline Fernet, BK R s'est démarquée en gagnant la première place dans les catégories de push-ups et chin-ups chez les femmes.

Notre aumônier, le capt Michel Dubé, fut ordonné Diacre lors

d'une cérémonie à la chapelle Ste-Jeanne D'Arc en octobre, en préparation à son ordination prévue au printemps 08. Le padre Dubé est avec le Régiment depuis janvier 2005; il est donc bien implanté au sein de l'unité.

Le mois de décembre s'est entamé bien-sûr avec la célébration de la Sainte-Barbe le 1^{er} décembre à Shawinigan. Cette année, les officiers et sous-officiers supérieurs ont participé à ce dîner régimentaire où comme à chaque année, les artilleurs du SQFT se réunissent pour fêter. La semaine suivante, malgré la neige abondante, s'est déroulé l'exercice BOMBARDE BORDÉE, un court exercice de tir confirmant les compétences acquises lors de l'école régimentaire. Cet exercice a mis un accent particulier sur les techniques, tactiques et procédures de sécurité relatives au théâtre d'opérations en Afghanistan que le Régiment était en mesure d'appliquer avec les ressources disponibles. Pour une 24^e année, le Régiment a appuyé Maison Partage en collectant plusieurs tonnes de vivres pour les familles en besoin dans la région de Québec.

La dernière semaine de décembre avant le congé a débutée par une compétition de tir au pistolet pour les officiers et sous-officiers supérieurs. Le tireur ayant obtenu le pointage le plus bas s'est vu attribuer le titre de tireur le plus « honnête » du régiment. C'est sans surprise du récipiendaire de cet honneur et aux sourires moqueurs de la majorité des concurrents que le Slt LeBel s'est mérité cette distinction disons particulière. Le lendemain, le 12 décembre, avait lieu la joute annuelle de hockey sur glace entre les sous-officiers et les officiers, suivie par la joute des bombardier-chefs contre les bombardiers et artilleurs. Vu le manque de joueurs en raison de la mission et le manque, disons-le, d'un peu de talent du côté des officiers, la formule a été changée pour la joute annuelle. En effet, les joueurs officiers et sous-officiers supérieurs ont donc été regroupés et le Commandant et le SMR ont pigé des joueurs pour équilibrer les forces. Ce fut un succès total car il a fallu des tirs de barrage afin de mettre un terme à la rencontre. Il est à noter que les déboires du Slt LeBel ont continué durant cette partie. Après avoir compté deux buts lors de la rencontre, le SMR lui a fait confiance en tirs de barrage. Celui-ci a cependant échappé la rondelle devant le gardien adverse ce qui a contribué non seulement à la victoire de l'équipe du Commandant mais encore une fois, aux sourires moqueurs de

tout le régiment. Enfin, le dîner de Noël du 14 décembre a couronné l'année. Le père Lafrance, M. Alain Côté, ancien joueur des Nordiques de Québec et le bdr (ret) Lemay, tous impliqués dans la Maison Partage, ainsi que M. Roland Blackburn de l'Association québécoise de la fibrose kystique se sont joint à nous à ce dîner.

En conclusion, le 5 RALC a été marqué de plusieurs événements notoires au cours de l'année. La dynamique de ce régiment est au niveau des plus intenses. Que ce soit pour les membres du Régiment déployés en théâtre hostile et loin de leurs proches ou les ceux qui font des pieds et des mains pour qualifier un maximum de gens sur nos systèmes d'armes, tous se rappellent que nous formons une famille et que nous travaillons conjointement afin de représenter les valeurs canadienne au pays et ailleurs.

M777 en Afghanistan.

4th Air Defence Regiment

The Royal Regiment of Canadian Artillery

2007 has been another exciting year for 4th Air Defence Regiment, RCA as we continue to force generate Airspace Coordination Centres (ASCCs) for TF Afghanistan, as well as force generating soldiers for the Operational Tactical UAVs. The Regiment also maintained two troops of Ground Base Air Defence, and provided support to: the Royal Canadian Artillery School, CATCC, numerous exercises such as Ex FINAL DRIVE and TRIDENT FURY, and conducted pre-deployment training with the various Task Forces, throughout the year. In addition, we represented LFAA when we deployed a team to participate in the Nijmegen March and took on the task of leading and training the LFAA CFSAC team. Finally, we completed the largest and most successful firing camp in the recent history of the Regiment. A busy schedule for a unit of slightly more than 250 personnel!

Changes in Command

2007 saw many changes in the command structure of the Regiment. Major Tim Hogan took over the Regimental 2IC position. Major Jeff Schamehorn assumed Command of 128 AD Bty while Capt Paul Hillier took over the BK's position and MWO Jim Reid as the BSM. Capt Lorne Plemel took over as the Regimental Adjutant and Major Rod Embree became the Acting BC of 119 AD Bty with the deployment of Major Jean Pierre Dorris, and Capt Rob Saunders took over as the BK.

Task Force 1-07, 3-07 and ISAF HQ Deployments

2007 began with the departure of 38 personnel who became part of Task Force 1-07 and ISAF HQ. The TF 1-07 ASCC was manned by Capt Scott Lang, WO Joseph Stirmey, MBdr Chris Armstrong, Bdr's James McKenna and Michel Allain, and the ASCC technician, MCpl Michael Lynch. The TUAV tp was manned by Capt Thomas Lee, Sgt Robert Keating, MBdr's Frederick Brown, Colin Virgoe, Bdr's Jim Aucoin, Cory Benoit, Jean-Francois Boucher, Tyler Carnegie, Justin Corliss, Shaun Kroeker, Michael May, David McNeil, Stephen O'Brien, Katherine O'Donnell, Levi Sheppard, George Spilkin, and Gnr's Charles Berube and Francis Boivin. Finally, Bdr's Ryan Mendes and Mathew Reicker deployed as members of the OMLT, and MBdr Maxime Marcoux, Bdr's Luc Martin, and Kurt Warren as members of the PRT. WO Michael Cardona, MCpl Dwight Anderson, Bdr's Daniel Flynn, and Jamie Goguen, and Cpl's Shawn Keenan, and Mark Munden deployed with the NSE. Bdr's Christopher Lardner and James Nicholson deployed as drivers for the BG HQ and Bdr Dupuis deployed to ISAF HQ as a driver. In May a decision was made to man the ASCC's with 7 personnel, to locate it at the Bde HQ, and to be deployed for a nine month tour. This ASCC is manned by Major Jean Pierre Dorris, Capt Erik Andresen, WO Pierre Landry, Sgt Bruno Plamondon, MCpl James Jewers, and Bdr's Thierry Champagne and Danny Martineau.

Task Force and Army Support

As the Air Defence Centre of Excellence, 4 AD Regt was once

again called upon to support a variety of taskings. Throughout the year we deployed ASCC's in support of Ex FINAL DRIVE, the final exercise for the AOC, Ex MAPLE GUARDIAN and Ex SOUTHERN BEAR as Brigade and Battle Group ASCCs. We also deployed ASCC's in support of the CATCC, CMTC and Ex TRIDENT FURY, as well as for Ex BOLD QUEST in Fort Irwin, California. 4 AD Regt will continue to support Domestic Operations, including Op PODIUM for the 2010 Vancouver Winter Olympic Games. 4 AD Regt was also the IRU for the Atlantic Area for the past 18 months, and was responsible for any emergency response required in the Maritimes.

Royal Canadian Artillery School Support

In 2007 the Regiment continued to provide support to the RCAS. 4 AD Regt deployed an ADATS Battery in March for Ex NIMROD GALE, the final exercise for the Battery Commanders course. The Regiment also provided ADATS troops for the DP 1.2 AD Officers final exercise, Ex HOMEWARD BOUND, the DP 1 AD NCM course, as well as support to various courses such as the AD Tech, BMC, IG and AIG crses. The support provided to the Artillery School has given the regiment an invaluable training opportunity, as well as helped to enhance the relationship between our two units.

Nijmegen March

The Nijmegen march is an annual tradition in which participants complete four consecutive days of 48 Km marches centred around the Dutch city of Nijmegen. This year, 4 AD Regt was represented by 11 of it's members, including Capt Raylene Robertson, Lt Michael Hobson, Sgt Ken Gardy, MBdr's Daniel Robichaud, Peter Sova, MCpl's Richard Paddock, Raymond Pruski, Bdr's Joe Persico, Thomas Cyr, Sylvain Desisle, and Remi Levesque. These soldiers completed the exhausting work up training which started in April and included daily marches of over 30 kms. By the time they were depl to the NL they had logged approx 1000 km per team member. They successfully completed the march without losing a single person to injury or fatigue. Their determination and dedication was yet another sterling example of 4 AD Regts commitment to excellence.

Canadian Forces Small Arms Competition

From 3-16 September, 4 AD Regt, as the LFAA OPI for the CFSAC team, sent a team to participate in the Canadian Forces Small Arms Competition (CFSAC) and National Service Conditions Competition (NSCC) held at the Connaught Ranges near Ottawa, Ontario. The team consisted of Regular and Reserve personnel from around the Atlantic area, and included, Lt Turmel Chiasson, WO Mike Martin, MCpl Johnson, Bdr's Legge, MacPherson, Babin, Cordy, Rattie, Roberts, and Peters, Cpl Grondin, and Gnr's Damphousse, and Besaw. 19 Soldiers of the LFAA team place in the top 50 shooters of the competition which totalled over 130 participants. The team performed exceptionally well, most notably Bdr Legge, who won Top Regular Force shot in the LFAA, and

placed third overall for the Regular Force.

20th Anniversary Celebrations

On 21 June 2007, 4th AD Regiment, RCA celebrated its 20th Anniversary with a Freedom of the city parade and an Artillery Ball in Moncton NB. The parade commenced at Regimental lines and concluded at city hall when the Commanding Officer, LCol Daniel Bouchard, was granted the Freedom of the City from Mayor Lorne Mitton. Following the parade we held a BBQ at the unit and an all ranks Artillery Ball at the Delta Beausejour. All members enjoyed a lovely evening of entertainment and comraderie, demonstrating the high morale and pride exhibited by all within the regiment.

Awards and Honours

In 2007 several members of the Regiment were rewarded for their hard work and dedication. Captain Rob Saunders received the CLS Commendation in recognition of his volunteer work as a FirstAid Instructor within both the military and civilian communities that is considered to be beyond the call of normal duty and for the professionalism that he demonstrated in attempting to save the life of a heart attack victim on 29 Oct 2004. Lieutenant Andre Bouchard received the Order of Military Merit for his lifelong dedication to the military and civilian communities and for his volunteerism within these communities. He also received the CDS Commendation in recognition of his outstanding professionalism in providing possibly life, but certainly limb saving first aid to a critically injured motorcycle driver at the scene of an accident on 25 Sep 2005 near Hampton NB. Master Corporal Raymond Pruski earned the 2 CMBG soldier proficiency award in the category of CSS Cpl achieving a high standard in loyalty, initiative, dress, deportment and discipline, instructional ability, teamwork, trade and tech skills and fitness. Corporal Shawn Keenan was selected by the Army CWO in recognition of his outstanding service to be the Army Sentry for the Nov 11 Remembrance Day vigil at the National War Memorial. Finally, Captain Thomas Geilen and Master Seaman Trevor Jessome received the Commander LFAA Commendation. Capt Geilen received the commendation for his actions during a vehicle accident in the Gagetown training area on 26 April, and MS Jessome was commended for his efforts in organizing the Christmas Daddies relay run in 2006, which raised \$2718 for the charity. In addition to the above Commendations, the CO of 4 AD Regt presented a number of the CO's Commendations to the top shooters of the CFSAC team, top firers during Ex POTENT KNIGHT for direct Air and Ground hits, and CSS to the ex. 4 AD Regt wishes to congratulate all of these personnel for their outstanding work.

4 AD Regt participated in a number of Op CONNECTION activities throughout 2007 in order to foster a positive image of the Regiment, the Artillery Corps, and the Army within the local communities of Moncton and Fredericton, NB. Included in the Op CONNECTION tasks was the "Support the Troops Night" hosted by the Moncton Wildcats LMJHQ hockey team on 16 March. 4 AD Regt also participated in the Halifax Family Fun Days on the 15th and 16th of June and the Moncton International Air Show on the 7th and 8th of July. Finally, members of 4 AD Regt completed a 50 km relay run around the city of Moncton on 2 Dec in support of the Christmas

Daddies Telethon, which raises money for underprivileged children in the Maritimes. Upon the presentation of the final cheque, the team had raised a total of \$5050.

Ex Potent Knight

From 6-22 Nov, Ex POTENT KNIGHT was held at CFB Suffield, Alberta. This firing camp was the largest, and arguably the most successful the regiment has ever seen, with a total of 41 missiles being fired. The gunnery was impressive, as an extremely high kill rate was noted. Special congratulations go out to Bdr Allison Babin who scored 3 direct hits on aerial targets, Bdr Ducheneuse who scored two direct hits, as well as Bdr's Thomas Cyr, Adam Foster, Jason Howell, and Nicholas Folz, who each scored 1 direct hit on an aerial target. The success of the exercise was further proof of the capabilities of the ADATS and to the high level of professionalism and training within the Regiment as a whole.

Conclusion

As the only Ground Based Air Defence unit in Canada, 4th AD Regiment, RCA has risen to meet all of the challenges it has been presented with. Whether supporting operations or training exercises, 4 AD Regt has been a beacon of professionalism within the CF. In 2008 the Regt will be fielding the 400 series ADATS, Bison ASCC and associated communications equipment, while continuing to provide ASCC's for TF Afghanistan, augmenting the TUAV tp, and continuing to support the RCAS and CF in Domestic Ops and Operational deployments.

Nijmegen Team workup.

Royal Canadian Artillery School

The Royal Regiment of Canadian Artillery

Introduction

In retrospect, 2007 proved to be an extremely eventful and hectic year, with The Royal Regiment of Canadian Artillery School (RCAS) continuing to train Gunners for the realities of operations such as Afghanistan, guiding them in the art of leadership and providing them with the technical expertise to provide unfailing fire support to the Combined Arms Team. Training here at the School is extremely demanding and challenging, but also immensely rewarding in that the individual training and operational individual training conducted contributes to the very serious business of preparing Gunners for combat operations. The Instructors-in-Gunnery (IGs), Assistant Instructors-in-Gunnery (AIGs), staff, and students faced myriad challenges as a result of Army and Artillery Transformation. The RCAS has been fully engaged with the development and implementation of Tactics, Techniques, and Procedures (TTP) pertaining to Gunline digitisation efforts, support to Trials and Evaluations such as DGMS, M777 and Excalibur by the Master Gunner and exemplary Ammunition & Equipment team, support to courses through delivery of instruction and, most influential of all, assisting the Artillery leadership and Land Staff with respect to current and future Artillery Transformation initiatives.

The RCAS' vision is to be, within the Combat Training Centre environment, a true learning organization that provides relevant, credible, realistic, demanding, and safe training that meets the needs of the Artillery in support of today's complex, multi-agency, full spectrum operations. Training is conducted in an environment that progressively enhances the individual learning experience under demanding and varied conditions, delivering to the Artillery a technically proficient and tactically sound group of contemporary Gunners. Integrating adult learning tenets into our training ethos, the coaching and mentoring method of training is critical to the successful qualification of confident, competent, and motivated soldiers.

11 July 2007 was a day of marked significance for The Royal Regiment of Canadian Artillery School (RCAS). The Colonel-Commandant of The Royal Regiment of Canadian Artillery, Major General (Retired) John Arch MacInnis and Mrs Barbara MacInnis visited RCAS to mark the official unveiling of the change in name from the Field Artillery School, RCA. The passing of the pace stick from RSM CWO R Wynn to CWO JMD Giroux was also witnessed by all ranks on parade. Other distinguished guests included Colonel Roch Lacroix, Director of Artillery, and Colonel Clyde Russell, incoming Chief of Staff for LFAA. The RSM RCA, CWO N.D. Walker, was also in attendance representing all non-commissioned members.

Headquarters Battery (HQ Bty)

(HQ Bty) with a complete rotation of the Bty leadership in 2007. Battery Commander (BC) Maj Stuart Taylor passed the pennant on to the new BC, Maj Mike Draho, who has spent the majority of the year as lead instructor on the Field Instructor-in-Gunnery Course. MWO Arsene Veronneau assumed the duties of Battery Sergeant Major (BSM). There were several high priority projects for 2007,

including the scripting and production of an Artillery specific recruiting video with Stonehaven Productions and the formation of a Simulation Development Cell within the Bty. The majority of Standards Troop personnel were busy revamping courseware and training plans, preparing for a full slate of courses set for 2008. In addition to this, the implementation of the ADATS 400 Series has been high on the priority list for the Air Defence Standards cell. The Information Technology & Support (IT&S) Troop and some of the Orderly Room staff were major contributors to the success of the International Artillery Symposium held in Fredericton. Maintenance Standards Troop continued its outstanding work developing the road ahead for the CF with the Protector Remote Weapons System (RWS), and maintenance packages for the M777 howitzer. The incorporation of the Contemporary Operating Environment (COE) into all training plans has again been extremely important to ensure that all students that leave here have all of the tools necessary for success in operations.

W Battery (W Bty)

For every deployed soldier, there are literally dozens more who make sure that individual has the training and tools needed to get the job done. On 1 November 2007, the unsung heroes of W Bty were recognized for their outstanding efforts and collective sacrifices by Gen R.J. Hillier, Chief of the Defence Staff (CDS). W Bty was presented with the CF Unit Commendation Award by Gen Hillier. In his speech, the CDS said the commendation is a chance to honour CF members who make sure soldiers are well-trained and prepared for the challenges of the modern battlefield and the contemporary operating environment.

W Bty's primary mission is to support RCAS, which it does by spending over 170 training days a year in the field. But this busy sub-unit, encompassing two gun Troops (G & H Tp), Support Troop (Sp Tp), Surveillance and Target Acquisition (STA Tp), goes beyond the call of duty in its support of the Artillery and the Army. In addition to supporting The Royal Regiment, we also conduct Adventure Training and Professional Development opportunities that resulted in detachment deployments to Korea and Ft Sill, OK. Troops from W Bty have also gone on tour to Afghanistan.

The unit commendation read:

The members of W Bty have long distinguished themselves as work horses in their yearly field deployments that continually exceed 170 days in support of the Artillery School's basic and advanced training courses. All ranks of W Bty have established a tradition of superb soldiering skills and an outstanding reputation for their tactical acumen and technical prowess as Gunners. W Battery is undoubtedly the backbone of the Artillery School and it is due largely to the dedication and tireless efforts of its members and diverse basic and advanced Artillery courses that are so essential to maintaining the Army's operational capability.

45 Depot (Fire Support) Battery (45 Bty)

45 Bty was formed from the amalgamation of three distinct

cells: the Air Space Coordination Centre (ASCC), the Fire Support Coordination Centre (FSCC) that encompasses the Forward Air Controller (FAC) Cell, and STA Cell. Commanding the Bty is Maj Paul Payne, with MWO Ron Benoit as his BSM.

With a multitude of contemporary air users – to include civilian air agencies, the Field Artillery, Unmanned Aerial Vehicles (UAVs), Close Air Support (CAS), coalition Special Operations Forces (SOF), and engineer Explosive Ordnance Disposal (EOD) teams, naming but a handful – airspace coordination is key to the seamless integration of myriad air operations in support of the manoeuvre commander's ground campaign. The maturing of the ASCC cell has seen it evolve into a key enabler to supporting theatre deployed ASCCs support the manoeuvre plan and maximize SA in a complex theatre of operations, allowing for dynamic, real-time management of the airspace for the de-confliction of Artillery, insertion of OAS, AH and airmobile operations. The ASCC cell is leading the way ahead for the Land Force for TADIL employment, and its superior knowledge has been fully recognized by the TADIL community, with other services actively seeking their advice. Because of lessons learned in theatre, individual training has been progressively adaptive to meet the needs of the field force. Whether its the creation of a computerized Battle-lab, implementation of a new Computer-based training (CBT) classroom, potentially procuring ASCC vehicle mock-ups or acquiring advanced training for cell instructors (Air Defence System Integrator and Incremental Joint TADIL crses), the ASCC cell is well placed to continue its role as the center of excellence in Airspace Coordination for the CF.

The instructors of the CF FAC Cell had their hands full again this year, as they kept pace with the demands of training Officers and Senior NCOs from across both the Army and the Air Force. Over the past year, the CF FAC Cell has continued to evolve the CF FAC Course into an impressive program that unites air support assets from across the CAF and USAF to train soldiers and air officers to the Combat Ready (CR) level. The course has been completely re-modelled to improve individual training (IT) to better reflect the demands placed upon a FAC in the contemporary operating environment. These improvements have led to the formal accreditation of the CF FAC Cell and the CF FAC Course, by the United States Joint Forces Command (USJFCOM), as one of the best training programs in the world

Additionally, there was a considerable upsurge in STA activities, to include the provision of observer controllers to two MAPLE GUARDIAN exercises, programming and instructing on the Reserve Artillery Operations Course, as well as the running of two serials of the STA Technician course. Concurrently, the cell accepted new capabilities in the Skylark UAV and HALO 2 Sound Ranging systems, while piloting a Skylark Operator Course at CFB Petawawa in September 2006, a course that focused primarily on preparing Mini-UAV Troop personnel for deployment with TF 1-07 into a fluid and dynamic battlespace. A HALO 2 and Light Counter Mortar Radar course was also conducted in the fall of 2007 in Petawawa while the premiere STA Troop Commander's course was accomplished simultaneously. The STA cell also took part in much professional development during the last year to include UAV conferences in St John's NL, Radar conferences in Newcastle, England just to name a few. The cell welcomed new members from the STA IG/AIG course in England and saw the safe return of one of its members from Afghanistan in August 2007.

Noted for their exemplary work with coalition partners, 45 Battery was responsible for organizing the International Artillery Symposium from 9 to 12 October 2007, an event that witnessed a distinguished meeting of the Chiefs and Directors of Artillery for NATO and Partner for Peace countries. The purpose of the annual three-day symposium was to provide a unique forum for the professional exchange of skills and lessons learned by uniting the Chiefs of Artillery for NATO and Partner for Peace countries under the theme of Artillery Full Spectrum

Operations Within Combat Areas. The Symposium consisted not only of formal presentations, but also afforded an exciting demonstration which included 105mm howitzers, 81 mm mortars and CF-18 with 500lbs bombs. The International Artillery Symposium was an extremely successful professional forum that allowed many NATO and Partner for Peace countries to unite, bear witness to the many advances in Artillery weaponry, and build upon ever-increasing international cooperation on operations.

67 Depot Battery (67 Bty)

2007 has been a year of long hours, many and varied courses as 67 Bty has been focussed on delivering war winning leadership and gunnery training. Courses include Leadership and Gunnery, Field and Air Defence, Basic and Advanced and 67 Bty remains dedicated to leading, teaching and mentoring all students who arrive at our door.

67 Bty experienced a significant turnover of leadership, with the retirement of Maj Paul Ouelette, and the promotion and posting of CWO Toni Gilks, replaced by Maj Dave McKeever and MWO Mike Lavallee respectively. Many of the personnel posted in this year including WO Penney and WO Schnarr bring recent operational experience from Kandahar. All of 67 Bty are dedicated to assimilating the lessons learned on operations with the core technical skill sets always required of gunnery, balancing fighting spirit, leadership, technical excellence and tactical and technological advancement.

On the Air Defence side of the Bty, both DP 1 NCM and DP 1.2 Officer graduated just before Christmas, providing 4 AD Regt with welcome new members. The AD WO course is actively engaged in learning the new 400 series upgrades to the ADATS, TCPs, ASCC and trainers.

Maintenance Training Battery (Maint Trg Bty)

The past year has been very successful for Maint Trg Bty. The Command Team for the past year remained unchanged with Maj Paul Cogswell as BC and MWO Richard Desjardins as the Senior Technical Instructor. The Bty continued with its philosophy of providing a highly professional adult learning environment to the Army technicians while conducting first-rate technical training and providing technical support to the fielding of deployed equipment such as the M777.

Maint Trg Bty trained 89 maintenance technicians this past year, focusing on Low Level Air Defence Equipment, Artillery Meteorological Systems, the Remote Weapons System currently employed on the M113A3 TLAV and Advanced Optical Repair. The Battery continued its support to the RG-31 APV/RWS. WO Boudreault deployed to Task Force Afghanistan from October and December to provide support of the DGMS installation Technical Assistance Visit (TAV). This TAV finalized a critical technical upgrade to the M777 and its ability to provide outstanding fire support to the deployed forces in Afghanistan.

Conclusion

This year, we saw the arrival and departure of many colleagues, as well the initiation of significant internal transformation to ensure our organization fully supported the training needs of all Gunners and the demands of a complex operating environment. The RCAS conducted an incredible number of courses over the course of this year, training over 600 NCMs and Officers. With a rapidly increasing operational tempo, 2008 promises to be just as exciting. The School also recognized the contribution of our families through a number of interactive social events, to include Family Days and Bring Your Kids to Work Day. The School will continue to train today, with an eye always to the future in order to prepare soldiers and leaders for Canada's Army and The Royal Regiment of Canadian Artillery.

1st (Halifax-Dartmouth) Field Artillery Regiment & 84th Independent Field Battery The Royal Regiment of Canadian Artillery

2007 was an exciting year for 1st Field Regiment and 84th Independent Field Battery. The Gunners of Nova Scotia continued to focus training on gunnery as well as basic soldier skills in order to continue to support operations overseas and at home.

The Regiment is happy to welcome back members of both units who were deployed on TF1-07. Capt D'Arcy CJ, WO Cole TD, WO Dolan MB, Sgt Campbell MA, MBdr Oliver SC, Bdr Beaulieu MR, Bdr MacDonald CD, Bdr Spencer AMC, Bdr Marlow RB, Bdr Doucet LJ, Bdr Garrison TC, Bdr Hobb MC, Bdr Thibodeau JM, and Bdr Lusk JC were all deployed with D Bty, 2 RCHA on Op Archer Roto 3, Kandahar. Mbdr Colwell BE was deployed with MUAV troop, D Bty, 2 RCHA on Op Archer Roto 3. Sgt Topple KS and Capt Neish DA were deployed with the Afghan National Training Centre, Kabul training the Afghan National Army. Bdr Sampson AE and Gnr Patterson AD were deployed with the Provincial Reconstruction Team.

Currently, Capt Huddleston JB and WO Lannigan J are training to deploy with TF 1-08 and Bdr Pepler RD, Gnr Power EG and Gnr Gavel DE are training with 4 AD Regt in the TUAV role to deploy on TF 3-08. WO Hartery MA was appointed BSM of 51 Bty and Maj MacDonald AS was appointed the acting CO of 1 Fd Regt while LCol Nickerson

RE is on medical leave. MWO Mooney was appointed BSM of 84th Ind Fd Bty.

It was with great sadness that the Regiment said goodbye to LCol (Retired) John Stanley Doyle, C.D. who passed away on Oct 1st, 2007. LCol Doyle served the Regiment with great distinction as Commanding Officer from Spring 1997 to the Fall of 2000. He will be missed.

The Regiment performed a live fire exercise in April 2007 as well as summer training at CFB Gagetown including DP1 Artillery, Command Post Basic Technician, Comms and Driver Wheeled courses.

The Regiment completed the Battle Fitness Test and also supported the IG course in Gagetown on the 8th and 9th of December with W Bty and 3rd Field Regiment. The Regiment is also training members to participate in the

DOU (Domestic Operations Unit) out of Halifax. This unit will be deployed as needed to support domestic operations such as disaster relief.

The Regiment is looking forward to a very busy year in 2008 with a full training calendar including live fire exercises, and sending members on courses such as DP3 CP Det Supervisor as well as PLQ (Land).

5th (British Columbia)

Field Artillery Regiment

The Royal Regiment of Canadian Artillery

The Chinese year of the Boar, 2007, was a very eventful and successful year for the Guns of Vancouver Island. The 5th (BC) Field Regiment, RCA focused much of its attention training to support operations, force generation and retention. These priorities were met through the execution of a robust training year, that included, regimental live fire exercises in Washington State and dynamic soldier and gunner skills building exercises here on Vancouver Island. The unit continued to fulfill its mandate in municipal, provincial and federal ceremonies in Nanaimo, Victoria and in Vimy, France, for the 90th Anniversary of Vimy Ridge.

The apex of our training has culminated with our raison d'être, the support of international operations, in which we will be well represented. Five keen soldiers have come forth to support the ongoing mission in Afghanistan: Bdr Nik Hovelkamp, Bdr Chris Conway, Bdr Leon Underwood, MBdr Eric McNeely, and WO John Beddows will pick up where others of the Regiment have left off in Rotation 1/08.

The Regiment was very active in its training during the spring, having attended a Gun Camp (Ex CAUSTIC SHOCK), the annual Brigade exercise (Ex COUGAR SALVO) and a split Urban Operations/Gun Exercise (Ex TEMPERATE FOREST), all

before the summer stand down in June. Many of the Regiment's personnel undertook individual training during the summer training period in Shilo and Gagetown. Stand-to in September was the start of the busiest time the Regiment experienced all year. The fall period saw many weekend field exercises, coupled with very aggressive recruiting activities, which, to date, have been quite fruitful; drawing new personnel to bolster our ranks at the NCM, Officer, and Honorary levels.

Two distinguished members of their respective communities, who were once a part of the CF community, will grace the Regiment as Honoraries. Major Logan Stewart (retired) will represent the Regiment as our Honorary Colonel. Major General Stu McDonald (retired) will represent the Regiment as our Honorary Lieutenant Colonel.

Despite the success of recruiting, we have lost two members to mandatory retirement policy. Major Bob McLeod, who was invaluable to the success of the Officers' Mess, and Captain Ralf Gagner, who just recently received acclamation by the offices of the Prime Minister and the Chief of Defence Staff, for almost 30 years of dedicated service to the Canadian Forces. Both of these dedicated members have sadly donned their uniforms for the last time.

6^e Régiment d'Artillerie de Campagne *The Royal Regiment of Canadian Artillery*

L'année 2007 fut une année bien remplie pour le 6^e Régiment d'artillerie de campagne. L'été 2007 a vu 19 de nos membres être déployés en Afghanistan et au Soudan. Grâce à leurs connaissances acquises au fil de leur entraînement, ils accomplissent un travail remarquable pour aider ces populations à reconquérir une paix durable et une sérénité dans la joie de vivre.

Premier exercice de l'année, Pèlerin Valeureux, qui s'est tenu du 2 janvier au 8 janvier. Cet exercice qui s'est tenu au Mississippi a regroupé 46 membres du Régiment. Le but de cet exercice est de se pratiquer en conditions hivernales d'une façon préparatoire en vue de l'exercice de tir réel qui se déroulera durant le mois de février.

Dès le début février, les membres du Régiment se préparent en vue de l'exercice Pièces Maîtresses qui se déroulera du 23 au 25 février sur la base de Valcartier. Entraîner la 59^e batterie au tir anti-char sous forme de compétition et au tir indirect à l'aide de l'obusier 105mm. Plus de 70 membres ont participé à cet exercice.

Le 1^{er} mars. C'est l'exercice Omble Perchée. Cet exercice met en pratique les aptitudes au combat dans des conditions hivernales. Le froid, le vent et la neige sont de la partie pour faire de cet exercice un entraînement rigoureux pour les 50 membres qui y participent.

Le 1^{er} avril, le régiment se prépare pour l'exercice Œil Précis qui se déroulera à Farnham. Quelques 80 membres prennent part à cet exercice de qualification NIAC annuel auquel participeront conjointement le personnel du 62 RAC et le 2 FD RAC.

Au début du mois de mai, le régiment se prépare pour la parade finale. Le régiment profite de l'occasion pour procéder à l'intronisation du Lieutenant-Colonel Honoraire Général Roméo Dallaire. Rappelons que le Général Dallaire a été l'attaché PSFR du 6^e RAC au début des années 1970. C'est alors un retour aux sources pour le Général qui a profité de l'occasion pour rappeler son attachement au 6^e RAC en déclarant : " Mon affiliation avec le Régiment remonte à bien des années. Jeune officier, je jouissais déjà d'une relation particulière avec l'unité et ses membres. Depuis le premier jour, je me suis toujours senti chez-moi au 6^e." Également, il y a eu la remise des Méritas, les décorations de FC, les agrafes à l'ADJM Boulay et au SGT Mathurin et la remise d'une lithographie au LCOL Dupuis et le CAPT Alleyn. Pour terminer cette première moitié de l'année, le régiment a organisé un excellent méchoui qui a regroupé plus de 140 personnes au manège militaire.

Le 1^{er} août. C'est le début de la rentrée pour plusieurs d'entre nous. Il faut préparer le 8^e Concert au Crépuscule qui se déroulera au lieu historique national des Forts de Lévis le 18 août. Par un temps frais et venteux, le Premier Ministre Stephen Harper et quelque 6,500 personnes se sont rassemblés pour assister au concert offert par la fanfare les Diplomates ainsi que l'orchestre du Royal 22^e Régiment accompagnés des obusiers du 6^e RAC. Le Premier Ministre a profité de l'occasion pour remercier les hommes et les femmes qui grâce à leur courageux efforts sont en train d'écrire une nouvelle page dans l'histoire du régiment.

Le mois d'août c'est aussi le marathon des Deux-Rives. Évènement international, le 6eRAC y a participé avec une équipe de 7 coureurs qui ont fait bonne figure. Également, le 6eRAC a fourni à l'équipe technique du marathon les obusiers pour les départs du marathon et du demi-marathon.

Le mois de septembre marque la rentrée pour tous les membres du régiment Il y a eu lors de cette parade, la remise des nominations à plusieurs membres du régiment.

Le 1^{er} octobre. C'est l'exercice Pièces Mobiles que s'est déroulé sur la base de Valcartier. 95% des membres du régiment ont participé à cet exercice. En collaboration avec le 62^e RAC et le 2 Field RAC l'exercice est axé sur les principes de bases. L'exercice prévoyait de nombreux déplacements et de déploiements sur les différents sites de la base. Durant l'exercice, le scénario prévoyait une situation rappelant celles que les troupes canadiennes en mission en Afghanistan retrouvent. En effet, un engin explosif simulé avait été dissimulé sur l'un des nombreux chemins que devait emprunter le convoi. Grâce à la vigilance du premier véhicule du convoi, l'engin fut repéré et après discussion avec la chaîne de commandement, il fut convenu qu'une route alternative s'avérait le meilleur accès sécuritaire pour que le convoi puisse se rendre au prochain lieu de déploiement. Ce fut un exercice couronné de succès.

Le mois d'octobre s'est aussi le 13 km. Selon les ordres donnés par l'état-major, tous les membres du régiment ont effectué ce parcours et les exercices subséquents et ont réussi avec brio cet exercice obligatoire.

L'année 2008 s'en vient à grand pas. Il ya aura un changement de commandement, de nouvelles orientations seront données, de nouveaux objectifs devront être atteints pour maintenir un haut niveau d'excellence au sein du 6^e RAC. Tous unis, c'est avec optimisme et détermination que nous relèveront ces nouveaux défis.

7th Toronto Regiment The Royal Regiment of Canadian Artillery

The 7th Toronto Regiment has been involved in a very busy training year. It can be best described as a year of leadership and growth. In addition to tasks taken on within the Toronto Brigade our soldiers have been serving The Guns in Afghanistan. The regiment recently had seven members return from Afghanistan within the year and currently seven more members are involved in the work-up training to contribute to the next mission with LFCA, two of which are preparing for their second tour. One of the returning soldiers, MBdr Liam Tiernay, was Mentioned in Dispatches for his brave and courageous actions when assisting in the recovery of a vehicle and preventing further casualties while under enemy fire, as part of 1 RCR Battle Group.

The commanding officer, LCol Bill Kalogerakis, headed 32 CBG BG A thereby being the lead element for IBTS and inter-arms collective trg for FY 2006-2007 for that BG. We were also the command element leading 480 of 32 Brigade's soldiers for EX STEADFAST RESPONSE 07, the domestic response exercise involving a major flood scenario in the community of Aurora to the north of Toronto. The Regiment was also

Funeral at of second last Canadian World War 1 Veteran Percy Dwight Wilson, Feb 26, 1901- May 9, 2007.

the lead unit and formed the RHQ for EX COOP GUNNER 07, getting four Ontario Regiments together to train within a regimental context. Furthermore, the Battery Commander of 9 Bty Major Mike Gomes, commanded the LFCA Reserve Artillery composite close support battery for EX MAPLE DEFENDER 07 at CMTC in Wainwright in August. In addition, the LFCA summer Artillery Reserve Individual Training Battery in Sault Ste Marie was commanded by the Regiment's 2IC, Maj Steve Zurbrigg, with his BSM being MWO Charles Harpaul.

The Regiment has been aggressively recruiting as we continue to build our second mission element, 15 Battery (Mortars), under the command of Maj. John Stewart. Through the year, 20 new gunners were recruited and qualified. Given the mortar task, several 81 mm conversion courses have been completed allowing for a larger pool of soldiers from which to draw for training. As the year draws to an end the Regiment

counts 170 soldiers on effective strength.

Being in Toronto has its advantages and the Regiment is in the public eye for many events. The Victoria Day salute was enhanced by an impromptu inspection of the Guns by Ontario's outgoing Lieutenant Governor James Bartleman. As well, the Regiment carried out OP LEGACY, providing an appropriate Gunner funeral for Percy Wilson, Canada's last remaining First World War Veteran. With the assistance of the Toronto Artillery Association and the Limber Gunners Association of Toronto, we were able to transport Gunner Wilson's remains to Prospect Cemetery using our Field Artillery Tractor (Quad) towing its limber and 25 Pounder. Gunner Wilson's family was very impressed and effusive in their praise.

The Regiment's Officers also had the opportunity to organize the annual Toronto Garrison Officers' Ball. This event, which rotates through the Toronto regiments, was uniquely a Gunner event with a C3 Howitzer, 81 mm mortar and other suitable accoutrements within the lobby of the hotel courtesy of RSM, CWO P. Rosa. The guests, especially the civilians, were very impressed and many a photo taken. In a challenge to the other Toronto Garrison

units, we were able to lower the price of the Ball tickets without compromising on the quality of the event and still make a tidy profit. The Honourable Senator, LGen (Ret'd) Romeo Dallaire, OC, CMM, GOC, MSC, graciously agreed to be the Patron of the Ball and his words were well received by the audience of 850 guests.

The band of the 7th Toronto Regiment has also participated in many high profile performances and is greatly sought after for events at the Canadian National Exhibition, the Royal Canadian Military Institute (RCMI) and the annual Massed Band concert at Roy Thompson Hall, amongst others.

Looking forward the Regiment will continue to recruit and train new Gunners, as they will be the backbone of our future tasks at home and abroad. Another year of leadership and growth will soon be upon us.

38th CBG Artillery Tactical Group

- ***10th Field Artillery Regiment***
- ***26th Field Artillery Regiment***
- ***116th Independent Field Battery***

The Royal Regiment of Canadian Artillery

With the growing role of Artillery overseas, 38 Canadian Brigade Group (38 CBG) Artillery Tactical Group (ATG) has never been more determined to achieve a state of operational readiness such that the ATG is capable of deployment. In the past year, we have grown our training expectations and created a more demanding schedule that members have grown to expect and look up to. The ATG is a means of combining the efforts of the three artillery units of 38 CBG, namely 10 Field Regiment RCA (18 Battery, Regina & 64 Battery, Yorkton), 26 Field Regiment RCA (13 Battery, Portage & 71 Battery and HQ & Svcs Battery, Brandon), and 116 Independent Field Battery, Kenora. The three units retain their entire identities, honouraries, unit funds, unit traditions, and so forth. The three share the same Commanding Officer and RSM – in 2007 - Lieutenant-Colonel Ross Thompson and Master Warrant Officer Mike MacRae. The unified command allows for the most efficient distribution of leadership, for the units have varying strengths in terms of officers, senior NCOs and warrant officers, and soldiers. The overarching principle of running the ATG was to centralize training and operations and decentralize

administration to the maximum extent possible. Unit identities remain unchanged, as does the footprint of five batteries in five communities. Overall strength of the ATG has grown to 239 members, proving to be the one of the largest Reserve units in Canada!

The year was kicked off with a strong Winter Ex in Kenora with 116 Ind Fd Bty. The following month was packed between the Bde CMX and CPX, regular unit training and Professional Development on both Military Law and Security. In March the Regiment undertook the first live fire exercise of the year, Ex Prowling Gunner II after a weekend of preps, maintenance, and unit training. In April 2007, we participated in Ex Bison Warrior. May was a busy month between regular scheduled training, and the Brandon Air Show. In June we participated in the Canada Day Salute. In September, we took off with a bang, everyone anxious to use the skills they had acquired over their summer courses. After getting the usual DAG out of the way, the Regt took to the field in Shilo to get everyone through the CFOSP PWT I, II, and III in addition to Grenade, 9mm Pistol, and

Live Pairs training. It was an intense weekend, however everyone left that weekend with a feeling of accomplishment. The following month we commenced Ex Desert Mentor. All members in attendance completed the BFT. Also in October, the unit participated in Ex Prowling Gunner 3. This two and a half day live fire collective training exercise consisted of four guns under command of one CP with the aim of performing Danger Close missions from the Ops. HF tasks for the two gun firing units were issued throughout the exercise.

November 07 was fast paced, between hosting the 59th Annual Military Ball, performing the Remembrance Day Salute in Winnipeg and Regina (as well as participating in several other local Remembrance Day services), performing the Opening of the Legislatures, and performing regular unit training. The year was finished in style with one last weekend of First Aid training for all members, and finally Ex Merry Barbara, hosted in Regina this year. Merry Barbara, although an annual celebration, also became a great opportunity for all five Batteries to plan future training in addition to realise the current strengths of the ATG. 26th Fd Regt's 71 Bty won the annual floor hockey competition.

26th Fd Regt conducted a DP1 Arty course this year out of CFB Shilo. 38 CBG ATG is proud to announce all seven candidates from our Group were graduates from this DP1 course.

Several members of 38 CBG ATG were promoted over the past year, including Capt McArthur, Capt Popovits, Lt Rogowsky, 2Lt Drader, 2Lt Bowering, Sgt Pratt, Sgt McWatt, Sgt Melsted, MBdr Clark, MBdr Hague, MBdr Windl, Bdr Cousineau, Bdr Doerkson, Bdr McAuley, Bdr McCormick, Bdr Tom, and Bdr Wiersema. At the end of 2007, 38 CBG ATG promoted HCol Coleman (26) and appointed HLCol Linton (116), HLCol Felstead (26) and HLCol DeVos (10). HCol Jim Jeffries (26) has finally has retired after many years service to the Regt and the Guns. 38 CBG ATG is also currently looking for an HCol for Yorkton, SK. Also, 38 CBG ATG is sad to announce the sudden passing of 10 Fd Regt's HCol, Jack Wiebe in April 07. The ATG conducted a 15 gun Vice Regal Salute for him in honour of his past service as a Lieutenant Governor for the Province of Saskatchewan.

The ATG welcomed home Sgt Wilson from operations overseas in Aug 2007. He deployed to Afghanistan and was involved with mentoring the Afghan Army. 26th Fd Regt had eleven members on workup training this year and who will be heading overseas on deployment Feb 08 with TF 1-08. This list includes five members of 71 Bty, five members of 13 Bty and one from HQ & Svcs Bty including; MBdr Blair, MBdr Orchard, MCpl Sauck, Bdr Grabauskas, Bdr Lussier, Bdr Mayers, Bdr Pastershank, Bdr Staples Gnr McDermot-Fouts, Gnr Roth, and Gnr Wiebe. 10th Fd Regt has seven individuals for TF 1-08 - Sgt Imamovic, MBdr Matthies, Bdr Betker, Bdr Vanderhulst, and Bdr Weier from 18 Bty and 64 Bty is proud to announce that Sgt Melsted and Bdr McAuley

Gun salute in Swift Current, Saskatchewan.

will be deploying as a Detachment Commander and a Detachment Member, respectively. 116 Ind Fd Bty had six members heading to Afghanistan in 2008, including MBdr Leblanc, Bdr Evans, Bdr Hawkins, Bdr Scott, Bdr Wiersema, and Gnr Laroque. All these soldiers have been on intensive training schedule since 01 Apr 07 and are anxiously awaiting their deployment. It is expected that they will leave before the end of Feb 08 with the rest of the 800 soldiers departing from CFB Shilo.

While these 24 soldiers are working hard overseas, the remaining members of 38 CBG ATG will be working hard within their units preparing for future deployments, and supporting their efforts overseas. 2008 forecasts a rigorous training schedule in support of operations overseas.

15th Field Artillery Regiment

The Royal Regiment of Canadian Artillery

2007 was a very exciting and demanding year for 15th Field Artillery Regiment, based out of Vancouver, and Aldergrove, British Columbia. The Regiment met many milestones over the past year, including implementing a challenging operational plan, conducting a Change of Command, and putting forth a significant contribution to Task Force 1-08, all the while participating fully in a number of OP CONNECTION activities.

Highlights of training included staff from C Bty, RCHA coming to Vancouver in January to pass on their knowledge regarding IED drills in convoy operations. In the spring, we conducted EX CAUSTIC SHOCK '07 in Fort Lewis, Washington from where we re-deployed directly into the Brigade EX COUGAR SALVO in the Comox Valley on Vancouver Island. 15th Field, along with our counterparts from 5th (BC) Field Regiment, RCA, were tasked as enemy force for the exercise. Shortly thereafter the combined Regiments deployed to the Yakima Training Centre – a satellite facility in the desert of Washington State, to confirm our gunnery skills.

In June, the Regiment, with 5th (BC) Field accompanying, returned to Fort Lewis for an intensive weekend live-fire artillery shoot. During that weekend, the soldiers proceeded to the 'Leschi Town' MOUT Training Area, to kick down doors and clear rooms in some much anticipated urban operations training.

Also in June, Vancouver celebrated the 250th Anniversary of Captain Vancouver 'discovering' what is now Vancouver Harbour with the Regiment participating, firing a Salute during the festivities.

July 1st saw the Regiment conduct the Canada Day Salute at Stanley Park. Simultaneously, our Band, the Band of the 15th Field Artillery Regiment, Royal Regiment of Canadian Artillery played to their normal high standard, drawing large crowds of onlookers, adding to an already thrilling performance.

The new training year kicked off with a Change of Command Parade. The Regiment bid farewell to Lieutenant Colonel Daniel Kuhn and welcomed the new Commanding Officer, Major Jim Barrett, appointed after having been the Second-in-Command since January 2005. Captain Richard Van Slyke assumed the position of Second-in-Command, having been previously served as Officer Commanding the Regimental Band.

Shortly thereafter, the Regiment, in conjunction with 5th (BC) Field, conducted EX CLAYMORE STEEL, again in Fort Lewis. This Ex confirmed the training realized by the summer courses our troops were able to take.

This year 39 Brigade, rather than offering the annual Brigade training event, EX COUGAR SALVO, offered instead a series of three exercises which we participated in to fulfill the annual IBTS requirements. These three exercises were all offered in various parts of the former CFB Chilliwack base and training area, and provided an opportunity for unique training activities involving actions on IED's, convoy discipline, and the always favourite BFT.

On Remembrance Day, 39 CBG again provided it's traditionally large contingent to the City of Vancouver parade. The Regiment fired the salute from Portside Park overlooking the Harbour and in view of the North Shore mountains, and then conducted an Artillery Roll Past on the Parade Route.

Convoy Ops Train-

It has brought the Regiment great satisfaction this year, to be sending 13 of some of our best and brightest gunners to be part of Task Force 1-08 in Afghanistan, serving in various important roles including: working with B Battery, 1 RCHA, the TUAV Detachment, augmentees to 2 VP, the MP Detachment, and PSYOPS.

The remainder of the training year is filled with CITY courses. The Regiment conducted Mod 1 ATCIS (Basic) for the Brigade, and will be conducting DP1 Field Artillery in the Winter Term, along with Mod 5 ATCIS (Arty Communicator), and Arty Tow.

The full circle is completed when we again use EX CAUSTIC SHOCK 08 to confirm these three artillery courses as above in the live fire shoot in March.

30th Field Artillery Regiment

The Royal Regiment of Canadian Artillery

The 30th Field Regiment, better known around Ottawa as, "The Bytown Gunners", has been working extremely hard over the last year to maintain a high level of professionalism and training that all members of the Regiment have come to expect.

Over the past year, the troops have participated in quite a few live fire and dry deployments that were executed with maximum speed and aggression from all who participated. The primary focus for training this year has been sticking to basic artillery skills, and it is plain to see for all who attend, that these practices have sure rubbed off on the soldiers on the ground. The constant training that these young gunners receive has definitely played its part in the overall professionalism and high morale of the 30th Field Regiment.

On top of an extensive training schedule, 30th Field has also played a large role in augmenting regular force units on operations overseas. Most recently, The Bytown Gunners have repatriated five members from Task Force 3-06; Sgt Sharp, Mbr's Dunville and Godatalla, and Bdr's Erling and Garbuio, as well as deployed two members on Task Force 1-07; WO Meinert and Sgt Lopez. Just as quickly as soldiers are welcomed back to the unit, 30th Field is sending more to CFB Petawawa to fill in the ranks of the next roto, Task Force 3-08. This certainly isn't

the first time that The Bytown Gunners have answered the call to arms, and with a unit steeped in such rich history as the 30th Field Regiment, you can expect it won't be the last.

At CFRB Dow's Lake, where the 30th Field Regiment calls home, there have been a few changes in key positions over the past months. In February, WO James Hemlin was appointed as the Battery Sergeant Major of 2nd (Field) Battery, and in August, Captains Shawna Boyechko and Finlay Mullally assumed the commands of 1st (HQ) Battery and 2nd (Field) Battery respectively. In more recent news, a long-serving member of the Regiment, Sergeant William Hall was promoted to the rank of Warrant Officer in November.

It is always hard to let a member of the Regiment go, and it is with a heavy heart that The Bytown Gunners have had to say good-bye to one of their own. After serving several years at 30th Field with the unofficial appointment of Honorary Sergeant, Sgt Steve Van Velthooven passed away earlier this year. Our prayers and condolences go out to Steve's family. He will be missed.

Finally, the 30th Field Regiment will continue to strive for excellence, and with an extensive training schedule for 2008, the strengths of this Regiment are only getting better.

56th Field Artillery Regiment

The Royal Regiment of Canadian Artillery

2007 was another busy and exciting year for the 56th Field Regiment, RCA, with some members leaving for overseas tours or work-up training, and others returning home to us.

February saw the homecoming of two members deployed on TF 3-06, Bdr Adam Brown and Bdr Chris Tietz.. Both left in August 06 for Afghanistan, where Bdr Brown served on M777's with E Bty 2RCHA and Bdr Tietz served as a member of the Sperwer UAV detachment. Both members were highly praised for their work, and the 56th Fd is proud of their accomplishments.

February also saw the departure of 3 members deployed on TF 1-07. WO John McDonald, MBdr Chris Jax and MBdr David Vreugdenhil served with D Bty 2RCHA. MBdr Jax was the Recce NCO for B Troop, MBdr Vreugdenhil was Sigs NCO for A Troop and WO McDonald was TSM and CP Supervisor for A, B and C Troop. All 3 members returned safely in August and thoroughly enjoyed their tours in Afghanistan and their experiences supporting NATO forces throughout Kandahar and Helmand Provinces.

In June, 56th Fd Regt said goodbye to the CO, LCol Peter Brown – temporarily. LCol Brown deployed as part of the UN mission in the Congo, Op Crocodile. Maj David Meehan assumed acting command of the Regt in the absence of the CO. LCol Brown is expected to return in late Jan 2008.

The big story of the year, one which has had a profound effect on training, has been the departure of members for work-up training for TF 3-08. From June 07 to the beginning of Jan 08, no less than 16 members of the Regt departed to start training for their deployment to Afghanistan in August 08. Many of these members were the most skilled, effective and dependable soldiers in the Regt. Their absence has been strongly felt and we look forward to the safe return of them all in Feb 09. An exciting initiative at the Regt to support members and their families is the formation of the 56 Fd Regt Family Support Group. Its mission is to enhance the quality of 56 Fd Regt military members and their families by promoting and facilitating community-based services through the Military Family Resource Centre and encourage civic and community partners in expressing their support for the work of our soldiers. To date, more than one community business has generously assisted financially with this project.

Despite the absence of so many key people on work-up training, 56 Fd Regt has had a very successful training year. The Regt successfully deployed its personnel to Exercise Maple Defender from Regimental HQ in Brantford, ON to CFB Wainwright. Several live fire exercises through the year

culminated with Ex Direct Gunner at ATC Meaford in Nov. Ex Direct Gunner was a live fire 105mm Howitzer exercise, combined with a C6 night shoot with illumination provided by the guns. All members enjoyed the rare opportunity for gunners to actually see rounds impacting and the chance to shoot the C6. Everybody loves machine guns!

Partly due to TF 3-08 generation, partly due to changes in other areas, Battery leadership was also changed in 2007. 54 Bty BC Capt. David Vandevenne departed on work-up training for TF 3-08 and was replaced by Lt Adrian Dereniowski, with WO Chris Chaban as BSM. 69 Bty BC, Capt Robin Cooke whose day job was 31 CBG G3 Exercises / Plans accepted a full-time position as Regimental Adjutant and was replaced by Lt Nathan Gudgeon, with Sgt Mark Leitch as BSM. 10 Bty BC is Capt Mark Pigeau with Sgt Robert Lockhart as BSM.

The 56th Fd Regt believes strongly in maintaining a presence in the public eye, to promote the Regiment, project a positive image of the CF and to remind Canadians that the Canadian Forces are not only overseas fighting our enemies but also right here at home, ready to protect them. In 2007 we participated in several community events. In August, we participated in the annual United Way Airshow held at the Brantford Municipal Airport, with a display of vehicles, small arms and mortars. On Remembrance Day the Regiment again put forth maximum effort, with members participating in ceremonies on Nov 11th and several weekends prior. 10th Bty attended the ceremony in St Catharines. 54 Bty attended the ceremony at the cenotaph across from the armouries in Brantford, On. 69 Bty attended the Six Nations Veterans ceremony in Ohsweken on 21 Oct 07, ceremonies in Selkirk and Teeterville, on on 4 Nov 07 and ceremonies in Simcoe, Port Dover, Delhi and Waterford, On 11 Nov 07. 69 Bty, with the assistance of 54 Bty also provided a quarterguard for the Ontario Lieutenant Governor David Onley on 1 Dec 2007 for his visit to Simcoe in Norfolk County.

2007 was a very exciting and challenging year for 56th Field. We look forward to more exciting training and events for 2008!

1 Air Defence Regiment (Lanark and Renfrew Scottish) The Royal Regiment of Canadian Artillery

In January we started the year off right with our annual winter indoctrination training. As usual it was well received by all our soldiers. This training will be very valuable when it comes time to deploy north for the eventual SOVOPS EX. February saw some of our soldiers preparing to leave for Afghanistan beginning with the selection of our serving Commanding Officer, Major Chubbs to begin training for an overseas tour. He was very pleased to finally be able to contribute in the fight against terrorism. Unfortunately the drawback was that we saw a quick end to his Command. We lost a good officer, and an outstanding CO early in his tenure who now has the distinction of being the first Newfoundlander to command the Regiment. The CO was not alone in being selected for Afghanistan. Bdr Power was originally selected as a driver with the Helicopter Squadron. But as luck would have it, he demonstrated excellent skills as a UAV operator. Consequently his tasking was changed and he attended a UAV course as an operator and did extremely well. As a result he completed his tour as an operator in good standing. Congrats for a job well done. MCpl Bouchard our resident Supply Tech was picked late in the training cycle and deployed with 2 MP PI. Two others, who transferred or were posted from the Regiment WO Chase and WO Walker, (now MWO) completed their tour in the CMIC roll, with great success.

With Maj Chubbs gone our DCO Maj Goetz stood in as the Acting Commanding Officer. He brought his many years of experience to the Regiment for his short term as Acting CO but left a marked imprint on the soldiers before leaving with his family to Nova Scotia.

Waiting to finish his tenure as the COS for 33 CBG was our new CO, LCol Wiley. He assumed command of the Regiment officially 25 May 2007. LCol Wiley brings with him 30 years experience as a Field Artillery Officer, which will be a definite asset at this time of change. Our first training weekend with LCol Wiley was in Carleton Place. It was at this time, we bid a fond farewell to Maj Goetz. Along with his Regimental Scroll he took along a well deserved CO's commendation. That weekend saw MBdr Carmody, MBdr Connaughan, MWO Webster receive CO's commendations as well. We extend a hearty congratulation to all, well done.

As the year moved on our training as Field Artillery Gunners continued with great zeal. Throughout the summer Arty ARC gave our soldiers the much needed trades related courses we needed to complete our transition to a Field Artillery Regiment. All in all it was a very hectic year that saw all our fulltime staff working overtime to accomplish this transition effectively and professionally. To complete the transition we need our Regimental Name change to become official. So that we can proudly call ourselves 42nd Field Artillery Regiment.

Our recruiting section, Capt Prendergast and WO Lee, has had great success in enrolling new personnel into our Regimental

family. They've been very pro-active in their effort to bring soldiers in to the Regimental lines. Unfortunately along with our enrolling of new personnel we also lose some. Component Transfers have taken many soldiers into the Regular Force. This is the nature of our business and we wish them well.

With great regret, a long time member of our Regimental family left us suddenly. Our Honouary Colonel, Colonel Brian Noonan passed away suddenly in September. He will always be remembered as a good CO and excellent HCol. His contribution, dedication and loyalty to the Regiment, to the soldiers will never be forgotten. Col Noonan, "Stand Easy, End of Mission"

In September we saw the retirement of WO Gary Hatcher, with 30 years plus service. This is in fact his third time retiring so he is well practiced. With his Regimental Scroll he took along a well deserved CO's Commendation as well. As the fall moved along we celebrated our Regimental Birthday in fine tradition by gathering with past Regimental members at the local Cenotaph to pay homage to those who made the ultimate sacrifice for their country. The following training weekend, the Regiment gathered for a happier occasion to complete the Regimental celebration with the reading of our history. With many new soldiers in the Regiment it was an excellent introduction to the Regiment and its history. The Regimental cake was then cut for all to enjoy.

With the year end coming training is still at an all time high. The schedule has been full with the communication, IBTS and SQ training. During all these courses our staff has been busy conducting inter-unit training with the 30th Fd Regt on the weekends and 2 RCHA during the week. So there is no shortage of training and maintaining Field Gunner skills. So all in all things have been very busy within 42nd Fd Regt. I would be remiss if I neglected to mention the well deserved promotions. Cpl Charter, an Infanteer attached to us from The Princess Louise Fusiliers, to MCpl. Other promotions were:

Gnr Kuiack	promoted to MBdr on 16 Oct 07
Gnr Kuehl	promoted to Bdr on 10 Nov 07
Gnr Kay	promoted to Bdr on 8 Sep 07
Gnr Stoppa	promoted to Bdr on 2 Jun 07
Gnr Seto	promoted to Bdr on 9 Jun 07
Gnr MacLean	promoted to Bdr on 23 Dec 07
2Lt Ried	promoted to Lt
2Lt Bellemore	promoted to Lt

Personnel training now for the next tour TF 08 are:
Lt. Bellmore, Sgt. Attrux, Bdr Douglas, Bdr Kuehl, Bdr. Risto, Bdr. Seto, Bdr. Shulist, Capt. Stepaniuk, Bdr. Stoppa,

From the Commanding Officer, LCol Wiley, RSM, CWO Howell and all the Troops of 42nd FD Regt. Congratulations and Good luck to all!

18th Air Defence Regiment

The Royal Regiment of Canadian Artillery

The year of 2007 was another eventful and productive year for the regiment. From soldiers going on and passing courses, to exercises in WAINWRIGHT and DUNDURN and even some soldiers preparing to go on tour in Afghanistan in February 2008, 2007 saw the continued progress of the unit changing back to a field gun unit from Air Defence.

In January five soldiers made the journey up to Red Deer every weekend to complete the DP1 Artillery course. The course lasted until May which culminated in a live fire confirmatory shoot in WAINWRIGHT. The Unit also sent an officer away to Gagetown to become a Forward Observation Officer. In March, the Regiment took part in Exercise EASTERN GRIZZLY held in DUNDURN Saskatchewan. This was a week long exercise which involved 38 CBG and 41 CBG. Some of the training in which our unit took part was live fire convoys and direct fire with the Guns. Other members were also tasked to act as OPFOR. It was cold and miserable at some points but the soldiers carried on with the job and felt the training was well worth it.

In the summer months the newer members of the Regiment embarked on their military careers by completing BMQ and SQ, some other members also completed DP1 and CP Tech courses to further the progression of the unit into a Field Artillery regiment. As well, the Regiment participated in two local events of importance. Firstly, the regiment participated and organized the military ground display for the Lethbridge Air Show. Total attendance exceeded 40 thousand for the three day event. Lastly, the regiment participated in the Whoop-up Days celebration held yearly at the local exhibition grounds. September marked the beginning of the Unit's training

year. It began with a bang, literally as the unit headed NORTH to CFB WAINWRIGHT again to conduct a live fire exercise with 20 Field Artillery Regiment. The soldiers who participated were professional in doing their jobs on the guns and were noted by the other units as having constantly kept morale high and had fun while still getting the job done. With the start of the training year, the focus on Individual Battle Task Standards (IBTS) was the task-at-hand for 18 Air Defence Regiment. The Unit attended EXERCISE AUTUMN GRIZZLY in October to confirm their abilities on the PWT ranges. 18 AD Regiment's participation level during this exercise was noted as being significant. As a part of the IBTS training every soldier also had to complete the Battle Fitness Test which involved the 13 km rucksack march and a 100m fireman carry. The test was done in November and was very successful. Remembrance day brought back an older tradition where the Unit conducted the Minute Gun Salute for the two minutes of silence during the Remembrance ceremony. Concurrently, during the IBTS training soldiers traveled to Calgary every weekend to complete courses in AITCS, Driver Wheeled and PLQ.

Saint Barbara's day festivities were conducted on the 8th of December with a sports day and the Soldier's Christmas Dinner in the evening. The day was enjoyed by all who attended and was a nice way to finish off 2007.

In all, 2007 was a very productive year for the Regiment and saw many soldiers complete courses to further their careers and abilities in the unit. The exercises were fun and included some very thorough training and the members of the unit did a great job representing 18 Air Defence Regiment and the Artillery.

RHQ RCA - QGR ARC

2007 was another year for changing faces at RHQ RCA. Maj Gerry Lessard, Capt (ex-CWO) Geoff Popovits, and Cpl Crystal Yaroslowsky remained on staff as Regt Maj, Asst Adjt RCA, and RHQ Clerk respectively. However, Maj Lessard has been double hatted as the Base G1 since the fall. Capt Scott Lloyd was first tasked away as Base G1 in spring and posted to the UK in the summer. Bdr Randy Blowes returned to 1 RCHA in Apr, and Gnr Chris Jenkins took his release in Nov. Finally, Sgt Dave Redford from 1 RCHA became the RHQ Sgt in Apr, MBdr Kyle Appel was posted in from 2 RCHA to fill the Kitshop 2ic position in Nov and Bdr Adam Hansson (1 RCHA) joined the Workshop in Dec to understudy Bdr Cam Bell, who will going back to the Regiment in early 2008. The remainder of the RHQ team for 2007 were Bdr Glen Parsons and Gnr Genevieve Bosse from the RCA Workshop, with Bdrs Dwayne Butler and George Zinck in the RCA Kitshop.

Eventhough this year's JOC was cancelled, Regimental Headquarters remained busy as ever. Among n u m e r o u s events was the coordinating the opening ceremonies of the Regimental traveling exhibit "C a n a d a ' s Gunners" in Shilo (Jan), and supporting the RCA Museum in the grand opening of their Weapons Gallery (Aug) and CF

Heritage Gallery (Nov). As well, RHQ assisted with this year's RCAA AGM and Change of Colonel Commandant's (Sep) at the Home Station, the unveiling the PPLCI & RCR Cyphers on the Memorial Gun in Kingston (Nov), and again commemorated the Canoe River Disaster (Nov) at the Memorial in Shilo. RHQ still continues to act as the administrative centre for all RCA non-public and heritage activities such as the RCA Heritage Campaign fundraising, the annual operations of the Regimental Fund, putting out both the "Quadrant", and "Canadian Gunner", the RCA website at www.artillery.net and running of The RCA Kitshop & Workshop found at www.rcakitshop.net

L'année 2007 a vu bien des visages changer au PCR de l'ARC. Le Maj Gerry Lessard, le Capt (ex-adjuc) Geoff Popovits et le Cpl Crystal Yaroslowsky sont restés en poste, en tant que Maj rég, Asst Capt Adj de l'ARC et commis du PCR respectivement. Le Maj Lessard est aussi responsable en tant que G1 de la base depuis cet automne. Le Capt Scott Lloyd était auparavant G1 de la base au printemps, mais il a été détaché au Royaume-Uni cet été. Le Bdr Randy Blowes est retourné au 1 RCHA en avril, alors que l'artilleur Chris Jenkins a pris sa libération en novembre. Enfin, le Sgt Dave Redford du 1 RCHA est devenu le sgt du PCR en avril, le Bdr Kyle Appel a été affecté du 2 RCHA pour remplir les fonctions de cmdtA au magasin de fourniment en novembre, et le Bdr Adam Hansson (1 RCHA) s'est joint à l'atelier en décembre pour remplacer le Bdr Cam Bell, qui retournera au régiment au début de 2008. Le reste de l'équipe

du PCR pour 2007 comprenait le Bdr Glen Parsons et l'artilleur Geneviève Bossé de l'atelier de l'ARC, ainsi que le Bdr Dwayne Butler et le Bdr George Zinck au magasin de fourniment de l'ARC.

Bien que le JOC de cette année ait été annulé, le poste de commandement régimentaire est resté plus occupé que jamais. Parmi les nombreux événements figuraient la coordination des cérémonies d'ouverture de l'exposition itinérante régimentaire « Canada's Gunners » à Shilo (janvier), de même que le soutien du musée de l'ARC lors de l'inauguration de la galerie des armes (août) et de la galerie patrimoniale des Forces canadiennes (novembre). Par ailleurs, le PCR a contribué à la passation des pouvoirs du colonel commandant de l'ARCA lors de l'AGA de cette dernière (septembre) à la maison mère,

au dévoilement des monogrammes du PPLCI et du RCR sur une pièce d'artillerie commémorative à Kingston (novembre), et enfin à la commémoration du désastre de Canoe River (novembre) au monument de Shilo. Le PCR continue toujours de servir de centre administratif pour toutes les activités non publiques et patrimoniales de l'ARC, telles que la levée de fonds de la campagne patrimoniale de l'ARC, les opérations annuelles du fonds régimentaire, la publication de « Quadrant » et de « Canadian Gunner », le site Web de l'ARC (www.artillery.net) et l'administration du site du magasin de fourniment et de l'atelier de l'ARC (www.rcakitshop.net).

Back row: Sgt Redford, Bdr Parsons, Bdr Hansson, Bdr Butler, Bdr Zinck. Front row: MBdr Appel, Cpl Yaroslowsky, Gnr Bosse, Capt Popovits. Missing: Maj Lessard, Bdr Bell

RCA Museum - Musée d'ARC

Your Museum continued to connect Canadians with the Gunner story in 2007. The traveling exhibit "Canada's Gunners" was home in Shilo from January to October and then moved to the CFB Petawawa Museum. It has now been visited by over 283,000 people since it began touring in 2005. We also opened two new permanent galleries in the Museum. The new Weapons Vault was opened in August and currently displays over 90 small arms dating back to 1760. In November, we opened the CF Heritage Gallery which tells the military history of Canada beginning with the arrival of the Vikings.

The Museum also participated in the filming of several documentaries and one feature film this year. The documentaries "Vimy Ridge: Heaven to Hell", "Vimy Underground", and "Frostbite: Manitoba and The Cold War" have been aired on History Television and CTV to an estimated audience of over 800,000 people. In addition, the Museum provided three guns and technical advice for the artillery sequences in the Paul Gross feature film "Passchendaele", which is scheduled for world-wide theatrical release in November, 2008.

We experienced some staff changes in 2007. First, we added a security staff of two Commissionaires, Chuck Whittingham and George Wolchuk. Secondly, we were able to hire Kylie Stasila as a part-time curatorial assistant for half the year. In December, Mary Lou Barnes retired from her position as Administrative Coordinator after many years of faithful service to DND and The Royal Regiment. Mary Lou did a great deal around the Museum and she will be sorely missed. Mary Lou has been succeeded by Cheryl Van Der Raadt, who brings her own outstanding skills to our team.

The Museum staff is looking forward to continuing to preserve and tell the Gunner story in 2008.

Notre musée a continué de rejoindre les Canadiens en leur présentant l'histoire des artilleurs en 2007. L'exposition itinérante « Canada's Gunners » était à Shilo de janvier à octobre, puis a ensuite été présentée au musée de la BFC Petawawa. Elle a maintenant été vue par plus de 283 000 personnes depuis sa création en 2005. Nous avons également ouvert deux nouvelles galeries permanentes au musée. La nouvelle voûte des armes a été ouverte en août et compte actuellement plus de 90 armes légères remontant jusqu'à 1760. En novembre, nous avons ouvert la galerie du patrimoine des

Forces canadiennes, qui relate l'histoire militaire du Canada depuis l'arrivée des Vikings.

Le musée a également participé au tournage de plusieurs documentaires et d'un long-métrage cette année. Les documentaires « Vimy Ridge: Heaven to Hell », « Vimy Underground » et « Frostbite: Manitoba and The Cold War » ont été diffusés sur la chaîne History Television et le réseau CTV et vus par un auditoire évalué à plus de 800 000 personnes. De plus, le musée a fourni trois pièces d'artillerie et apporter des conseils techniques pour les séquences d'artillerie dans le long-métrage de Paul Gross intitulé « Passchendaele », qui devrait être diffusé en salle mondialement en novembre 2008.

Nous avons connu quelques changements de personnel en 2007. Tout d'abord, nous avons maintenant deux commissionnaires pour assurer la sécurité, Chuck Whittingham et George Wolchuk. Ensuite, nous avons réussi à engager Kylie Stasila en tant qu'adjointe à la conservation à temps partiel pour la moitié de l'année. En décembre, Mary Lou Barnes a pris sa retraite de son poste de coordinatrice administrative après de nombreuses années de loyaux services au MDN au Régiment royal. Elle a beaucoup fait pour le musée, et elle nous manquera énormément. Cheryl Van Der Raadt remplace maintenant Mary Lou et vient renforcer du même coup notre équipe grâce à ses compétences exceptionnelles.

Le personnel du musée est avide de continuer à préserver et à raconter l'histoire des artilleurs en 2008. Bonne chance et bon tir à tous les artilleurs partout!

Back Row: Sgt Baldric, WW1 mannequin, Kathleen Christensen, Curator, Clive Prother-Brooks, Collections Manager, Dayna Barscello, Assistant Curator, Cheryl Van Der Raadt, Administrative Coordinator, and Chuck Whittingham, Security. Front row: George Wolchuk, Security, Marc George, Director. Absent: Mary Lou Barnes, Kylie Stasila (Intern)

*The
Colonel Geoffrey Brooks
Memorial
Essay Competition*

*Compétition
Pour L'essai en
Mémoire du
Colonel Geoffrey Brooks*

ELIGIBILITY

The Contest is open to all DND military (Regular and Reserve) and civilian personnel and students attending post-secondary educational institutes.

TOPIC

Write on any topic of military history or specific military interest that pertains to The Royal Regiment of Canadian Artillery.

RULES

Essay entries should be between 2,000 to 3,000 words in length. They must be typewritten and submitted in quadruplicate. The title and page of any published or unpublished work to which reference has been made, or from which extracts have been taken, must be quoted and footnoted.

Authorship of entries must be strictly anonymous. Each competitor will adopt a motto or nom de plume, which will be quoted at the top of the entry.

A sealed envelope will be enclosed with the entry. This envelope will contain the service number, rank (as applicable), name and address of the competitor. The envelope will have the appropriate motto or nom de plume only, typewritten on the outside.

ENTRIES ARE TO BE ADDRESSED TO:

Editor, The Canadian Gunner
The Colonel Geoffrey Brooks Memorial Essay Competition
RHQ RCA
PO Box 5000 Stn Main
Shilo, MB R0K 2A0

Entries must reach RHQ RCA by 30 November 2008.
\$1000.00 in prizes will be awarded. (\$500 first prize, \$300 second prize and \$200 third prize).

JUDGING

The Editor will arrange for a committee to judge the entries. The decisions of this committee will be final. Results will be made known in the next issue of The Canadian Gunner and on www.artillery.net. Winners will be contacted by letter.

The Editor and staff of The Canadian Gunner can not be held responsible for the loss or return of any essay submitted; nor shall they incur any liability whatsoever in connection with the receipt, dealings, judging and reports of essays.

The copyright of any essay submitted will remain with the author, however, submission of a paper to the competition gives The RCA permission to publish said document in The Canadian Gunner and to retain a copy in The RCA Museum library and archives.

ADMISSIBILITÉ

Sont admissibles au concours tous les militaires et membres du personnel civil du ministère de la Défense nationale (Force régulière et Réserve) et les étudiants et étudiantes du niveau postsecondaire.

THÈME

La dissertation doit porter sur tout sujet d'histoire militaire ou d'intérêt militaire touchant le Régiment royal de l'Artillerie canadienne.

RÈGLES

Le texte doit être de 2 000 à 3 000 mots, être dactylographié et être soumis en quatre exemplaires. Le titre et la page de chaque ouvrage publié ou non publié auquel on renvoie, ou dont on cite un extrait dans la dissertation, doivent être mentionnés dans une note en bas de page.

Les dissertations doivent être déposées sous le couvert de l'anonymat. Ainsi, chaque auteur ou auteure doit adopter une devise ou un nom de plume qu'il ou elle inscrira au haut de la dissertation.

Il faut joindre à la dissertation une enveloppe scellée contenant le numéro matricule, le grade (le cas échéant), le nom et l'adresse de l'auteur/auteure. La devise ou le nom de plume, sans autre renseignement, doit être dactylographié sur l'enveloppe.

TRANSMETTRE LES DISSERTATIONS À:

Le Rédacteur en chef, L'Artilleur canadien
Concours de dissertation commémoratif Colonel-Geoffrey-Brooks
QGR ARC
C.P. 5000, succurs. Main
Shilo (Man.) R0K 2A0

Les dissertations doivent parvenir au QGR ARC au plus tard le 30 novembre 2008.

Les prix, d'un montant total de 1 000 \$. (1er prix de 500 \$, 2e prix de 300 \$ et 3e prix de 200 \$).

JURY

Le rédacteur en chef formera un comité pour l'évaluation des dissertations. Les décisions du comité sont finales et les résultats seront annoncés dans la prochaine édition de L'Artilleur canadien et sur le Web à www.artillery.net. Les lauréats seront avisés de leur sélection par lettre.

Le rédacteur en chef et le personnel de L'Artilleur canadien se dégagent de toute responsabilité concernant la perte ou le retour de toute dissertation soumise, et de toute responsabilité concernant la réception, l'évaluation, le traitement ou le compte rendu de ces dissertations.

L'auteur/auteure conserve ses droits d'auteur sur la dissertation. Toutefois, la soumission d'une dissertation autorise par le fait même l'ARC à en publier le texte dans L'Artilleur canadien et à en conserver copie dans la bibliothèque et les archives du Musée de l'ARC.
